Dear Fellow Stockholder:

You are cordially invited to attend the 2019 Annual Meeting of Stockholders of Mobile Mini, Inc. on Tuesday, April 23, 2019 at 11:00 a.m., local time. The meeting will be held at Mobile Mini's headquarters, in Phoenix, Arizona.

This year, we are pleased to be again using the U.S. Securities and Exchange Commission rule that allows companies to furnish proxy materials over the Internet. We believe that this delivery process expedites stockholders' receipt of proxy materials, while conserving natural resources and reducing the costs of printing and distributing our proxy materials. On or about March 12, 2019, we mailed to our stockholders a Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access our 2019 Proxy Statement and Annual Report to stockholders on Form 10-K for the fiscal year ended December 31, 2018. The Notice also provides instructions on how to vote online or over the telephone and includes instructions on how to receive, free of charge, a paper copy of the proxy materials by mail. If you receive your proxy materials by mail, a proxy card will be enclosed. If you receive your proxy materials via e-mail, the e-mail will contain voting instructions and links to the proxy materials which are available at www.proxyvote.com.

Details of the business expected to come before the annual meeting are provided in the Notice of Annual Meeting of Stockholders and Proxy Statement. Your vote is important. Whether or not you intend to be present at the meeting, it is important that your shares be represented. In addition to voting in person, stockholders of record may vote via a toll-free telephone number or over the Internet. Stockholders who received a paper copy of the proxy materials by mail may also vote by completing, signing and mailing the enclosed proxy card promptly in the return envelope provided. If you hold your shares through an account with a brokerage firm, bank or other nominee, please follow the instructions you receive from your brokerage firm, bank or other nominee to vote your shares.

On behalf of the Board of Directors, I would like to express our appreciation for your continued interest in Mobile Mini.

Sincerely,

Erik Olsson
Chief Executive Officer

CORPORATE AND COMPENSATION GOVERNANCE HIGHLIGHTS

We believe our executive compensation program promotes good governance and operates in the best interests of our stockholders. We are committed to the highest standards of ethics, business integrity and corporate governance. Our governance practices are designed to establish and preserve management accountability, provide a structure that allows the Board of Directors (“Board”) to set objectives and monitor performance, ensure the efficient use and accountability of resources, and enhance stockholder value. A summary of our compensation and governance practices are listed below:

We do		We do not
✓ Place heavy emphasis on variable compensation, meaning cash and equity awards are dependent on the achievement of short-term and long-term financial goals	✓ Elect all Directors annually	× Offer compensation-related tax gross-ups
✓ Use performance-related long-term compensation in the form of performance-based equity grants	✓ Elect Directors by majority vote and have adopted “Proxy Access” provisions	× Have any significant perquisites
✓ Have stock ownership requirements for executives and Directors that reinforce alignment between stockholders and our NEOs (defined herein)	✓ Have an independent Chairman	× Allow pledging, hedging, and trading in derivatives of Mobile Mini securities
✓ Have an executive compensation clawback policy to ensure accountability	✓ Split the roles of Chairman and Chief Executive Officer	× Have special executive retirement programs
✓ Have an independent compensation consultant advising the Compensation Committee	✓ Perform annual Board and committee self-evaluations	× Reprice or cash out underwater stock options
✓ Actively solicit feedback from our stockholders on compensation and governance matters	✓ Have a comprehensive Code of Business Conduct and Ethics and Corporate Governance Guidelines	× Guarantee bonuses
✓ Have minimum vesting periods written into our Amended and Restated Equity Incentive Plan	✓ Grant the Board and each committee express authority to retain outside advisors	× Have “single trigger” change of control provisions in executive employment agreements

STOCKHOLDER ENGAGEMENT

We value our stockholders’ perspective on our business, and each year interact with stockholders through numerous stockholder engagement activities. In 2018, these activities included participation in investor conferences, meetings with individual stockholders throughout the year, as well as meeting with stockholders and answering questions at our 2018 annual meeting of stockholders (“2018 Annual Meeting”). Prior to this proxy statement and beginning in May 2018, as part of our shareholder engagement, we contacted stockholders, representing approximately 85% of our outstanding shares, for feedback relating to our corporate governance and executive compensation programs. Additionally, we offered meetings with senior management and the chairs of our Board Committees. Of the investors we contacted, holders representing approximately 33% of our outstanding shares participated in meetings with senior management.

At our 2018 Annual Meeting, we received lower than expected support for our executive compensation program, with approximately 66% of our stockholder votes cast on the so called “Say-on-Pay” proposal approving the compensation of our NEOs. This result compares to substantial support at our 2017 Annual Meeting where approximately 97% of our stockholders approved our compensation plans.

Based on feedback from our stockholder outreach efforts, we believe our stockholders generally approve of our approach to corporate governance and the specific metrics used to measure performance (rental revenues, adjusted EBITDA and ROCE). We learned, however, our large shareholders attributed our lower-than-desired Say on Pay vote primarily to short-term incentive performance targets. Specifically, our adjusted EBITDA target for 2017 was set below the actual adjusted EBITDA achieved for 2016. Based on the feedback received, we did not substantively change the structure of our executive compensation program; however, performance targets for 2018 and 2019 were each set above the prior year’s results.

In 2018, we set our adjusted EBITDA bonus targets significantly above adjusted EBITDA achieved for 2017. For example, while 2017 adjusted EBITDA was \$184.8 million, the adjusted EBITDA target (100% payout) for 2018 was set at \$200 million (8.2% above prior year performance) and the maximum (200% payout) target was set at \$216 million (16.9% above prior year performance).

2018 BUSINESS HIGHLIGHTS

Our 2018 Annual Report, included with this Proxy Statement, contains financial information calculated in accordance with generally accepted accounting principles in the U.S. (“GAAP”), along with additional non-GAAP financial information, some of which is excerpted below. This information should be read together with our Annual Report on Form 10-K for the fiscal year ended December 31, 2018, filed with the SEC on February 5, 2019 (the “2018 Form 10-K”) which includes additional information and related GAAP reconciliations.*

For the year ended December 31, 2018, our achievements included:

- Grew total rental revenues 11.9% year-over-year,
- Generated adjusted EBITDA of \$217.2 million, an increase of 17.6%,
- Generated \$72.9 million in free cash flow and returned \$44.5 million to shareholders through dividends,
- Decreased leverage ratio to 4.2x as of December 31, 2018, from 5.0x as of December 31, 2017 (leverage ratio calculated by dividing debt, less cash, by adjusted EBITDA), and
- Increased 2018 stockholder dividend by 10%.

* For a discussion of our use of non-GAAP financial measures, including constant currency, and a reconciliation of (i) adjusted EBITDA to net income and net cash provided by operating activities and (ii) free cash flow to net cash provided by operating activities, please see the “Non-GAAP Data and Reconciliations” section beginning on page 29 in Item 6 of the 2018 Form 10-K.

EXECUTIVE COMPENSATION OVERVIEW

Our executive compensation program aims to attract and retain high-caliber management talent to lead our business and reward them for outstanding performance. This executive compensation overview and the accompanying compensation discussion and analysis (“CD&A”), is designed to provide an overview of our compensation actions and policies for our senior level executives. Our Named Executive Officers (“NEOs”) are defined on page 52 of the Proxy Statement.

Principal Elements of Pay: Our program emphasizes variable pay that aligns compensation with performance and stockholder value and has three key elements: base salary, annual short-term incentive compensation and long-term incentive compensation. Each of these elements serves a specific purpose in our compensation strategy.

Pay Element	How It’s Paid	Purpose
Base Salary	Cash (Fixed)	Provide a competitive base salary rate relative to similar positions in the market and enable the Company to attract and retain highly skilled executive talent.
Annual Short-Term Incentive (“STI”)	Cash (Variable)	Focus executives on achieving Mobile Mini’s short-term financial goals measured over the current year.
Annual Long-Term Incentive (“LTI”)	Equity (Variable)	Retain executives and provide incentive for them to reach financial goals and align their long-term economic interests with our stockholders.

Pay Mix: The mix of pay elements is heavily leveraged toward variable, performance-based compensation. For 2018, the significant majority of Named Executive Officer target pay was variable: 74% for the Chief Executive Officer (“CEO”); and an average of 65% for our other NEOs.

Pay Decisions: The Compensation Committee took the following compensation-related actions for fiscal 2018:

- *Base salaries:* The CEO did not receive a base salary increase. The other NEOs received merit increases ranging up to 5.2%. In November 2018, Kelly Williams was promoted to President and Chief Operating Officer. Upon this promotion, Mr. Williams received an additional increase of pay, resulting in a total base salary increase of approximately 21% in 2018.
- *Annual Short-Term Incentive compensation:* In 2018, for the NEOs other than the CEO, we introduced individual business goals as metrics to be considered in each executive’s short-term incentive plan, in addition to the two existing metrics based on Company performance. Based on Company and individual performance, annual bonuses earned ranged from 198% to 200% of target.
- *Annual Long-Term Incentive compensation:* The first tranche of the performance-based restricted stock awards issued in 2018, the second tranche of the performance-based options issued in 2017 and the third tranche of the performance-based options issued in 2016 each vested at 200%. Performance conditions related to each of these tranches were based on 2018 results.

For specific details about our executive compensation program, please refer to the Compensation Discussion & Analysis (“CD&A”) section of the Proxy Statement.

PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the Board of Directors (the “Board”) of Mobile Mini, Inc., a Delaware corporation (“Mobile Mini,” “we,” “us” or the “Company”), of proxies to be voted at our 2019 annual meeting of stockholders (the “Annual Meeting” or the “2019 Annual Meeting”) and at any adjournment or postponement thereof.

You are invited to attend the Annual Meeting, which will take place on April 23, 2019, beginning at 11:00 a.m., local time, at Mobile Mini’s headquarters, 4646 E. Van Buren Street, Phoenix, Arizona 85008.

The Notice of 2019 Annual Meeting of Stockholders (the “Notice of Annual Meeting”), this proxy statement (the “Proxy Statement” or “2019 Proxy Statement”) and form of proxy card or voting instruction card were first made available to stockholders starting on or about March 12, 2019.

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on February 22, 2019 (the “Record Date”), are entitled to receive the Notice of Annual Meeting and to vote their shares at the Annual Meeting. As of that date, there were 44,868,470 shares of the Company’s common stock outstanding. The common stock votes on the basis of one vote for each share held.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered in your name with Mobile Mini’s transfer agent, Broadridge Corporate Issuer Solutions, you are the “stockholder of record” of those shares. The Notice of Annual Meeting, the Proxy Statement and any accompanying documents have been provided directly to you by Mobile Mini. These stockholders should refer to “How do I vote if I am the stockholder of record?” below for instructions regarding how to vote their shares.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the “beneficial owner” of those shares, and the Notice of Annual Meeting, the Proxy Statement and any accompanying documents have been forwarded to you by your broker, bank or other holder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote your shares by using the voting instruction card or by following their instructions for voting by telephone or via the Internet.

How do I vote if I am the stockholder of record?

If you are the stockholder of record, you may vote using any of the following methods:

By mail

Complete, sign and date the proxy card or voting instruction card and return it in the prepaid envelope. If you are a stockholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by your proxy card as recommended by the Board.

If you are a stockholder of record and you do not have the prepaid envelope, please mail your completed proxy card to Vote Processing, c/o Broadridge Corporate Issuer Solutions, 51 Mercedes Way, Edgewood, New York 11717.

By telephone or via the Internet

The telephone and Internet voting procedures established by Mobile Mini for stockholders of record are designed to authenticate your identity, allow you to give your voting instructions and confirm that those instructions have been properly recorded.

You can vote by calling the toll-free telephone number on your proxy card. Please have your proxy card available when you call. Easy-to-follow voice prompts will allow you to vote your shares and confirm that your instructions have been properly recorded. If you are located outside the U.S., Puerto Rico and Canada, see your proxy card for additional instructions.

The Web site for Internet voting is www.proxyvote.com. Please have your proxy card available when you go to the Web site. As with telephone voting, you can confirm that your instructions have been properly recorded. If you vote via the Internet, you also can request electronic delivery of future proxy materials.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day until 11:59 p.m., Eastern Standard Time, on April 17, 2019, for shares held by a qualified retirement plan, and on April 23, 2019 for all other shares.

The availability of telephone and Internet voting for beneficial owners will depend on the voting processes of your broker, bank or other holder of record. Therefore, we recommend that you follow the voting instructions in the materials you receive.

If you vote by telephone or via the Internet, you do not have to return your proxy card or voting instruction card.

In person at the Annual Meeting

Stockholders who attend the Annual Meeting may vote in person at the Annual Meeting. You may also be represented by another person at the Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspectors of election with your ballot to be able to vote at the Annual Meeting.

Your vote is important. You can save us the expense and extra work of additional solicitation by voting promptly.

Whichever of these methods you select to transmit your instructions, the proxy holders will vote your shares in accordance with those instructions.

If you vote by mail, telephone, or Internet without giving specific voting instructions, your shares will be voted as set forth in “How will my shares be voted at the Annual Meeting?”

What can I do if I change my mind after I vote?

Subject to any rules and deadlines your broker, bank or other holder of record may have, you may change your proxy instructions at any time before your proxy is voted at the Annual Meeting.

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

- giving timely written notice to the Corporate Secretary of the Company of revocation;
- delivering a valid, later-dated and duly executed proxy to the Corporate Secretary of the Company, or a later-dated vote by telephone or via the Internet, in a timely manner; or
- voting by ballot at the Annual Meeting.

If you are a beneficial owner of shares, you may change your vote by (i) submitting new voting instructions by contacting your broker, bank or other holder of record or (ii) if you have obtained a legal proxy from the broker, bank or other holder of record giving you the right to vote the shares, by attending the Annual Meeting and voting in person.

All shares for which proxies have been properly submitted and not revoked will be voted at the Annual Meeting.

What shares are included on the proxy card?

If you are a stockholder of record, you will receive only one proxy card for all the shares you hold of record:

- in certificate form; and
- in book-entry form.

If you are a beneficial owner, you will receive voting instructions from your broker, bank or other holder of record.

What is “householding” and how does it affect me?

We have adopted a procedure, approved by the U.S. Securities and Exchange Commission (the “SEC”), called “householding.” Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of the Notice of Annual Meeting, the Proxy Statement and the Annual Report to stockholders on Form 10-K for the fiscal year ended December 31, 2018 (the “2018 Annual Report”), unless we are notified that one or more of these stockholders wishes to continue receiving individual copies. This procedure will reduce our printing costs and postage fees.

Stockholders who participate in householding will continue to receive separate proxy cards.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of this Notice of Annual Meeting, the Proxy Statement and any accompanying documents, or if you hold Mobile Mini stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact Broadridge Corporate Issuer Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, New York 11717 or call 1-800-542-1061.

If you participate in householding and wish to receive a separate copy of this Notice of Annual Meeting, the Proxy Statement and any accompanying documents, or if you do not wish to continue to participate in householding and prefer to receive separate copies of these documents in the future, please contact Broadridge Corporate Issuer Solutions, Inc. as indicated above.

If you are a beneficial owner, you can request information about householding from your broker, bank or other holder of record.

How may I obtain a paper copy of the proxy materials?

Stockholders receiving a Notice of Internet Availability of Proxy Materials will find instructions in that notice about how to obtain a paper copy of the proxy materials. Stockholders receiving Notice of Internet Availability of Proxy Materials by e-mail will find instructions in that e-mail about how to obtain a paper copy of the proxy materials. Stockholders who have previously submitted a standing request to receive paper copies of our proxy materials will receive a paper copy of the proxy materials by mail.

Is there a list of stockholders entitled to vote at the Annual Meeting?

The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior to the Annual Meeting for any purpose germane to the Annual Meeting, between the hours of 9:00 a.m. and 4:30 p.m., at our principal executive offices at 4646 E. Van Buren Street, Suite 400, Phoenix, Arizona, by contacting the Corporate Secretary of the Company.

What is a broker non-vote?

If you are a beneficial owner whose shares are held of record by a broker, you must instruct the broker how to vote your shares. If you do not provide voting instructions, your shares will not be voted on any proposal on which the broker does not have discretionary authority to vote. This is called a “broker non-vote.” In these cases, the broker can register your shares as being present at the Annual Meeting for purposes of determining the presence of a quorum, but will not be able to vote on those matters for which specific authorization is required under the rules governing banks and brokers who submit a proxy card with respect to shares held in street name.

If you are a beneficial owner whose shares are held of record by a broker, your broker has discretionary voting authority, under the rules governing banks and brokers who submit a proxy card with respect to shares held in street name, to vote your shares on the ratification of KPMG LLP as our independent registered public accounting firm, even if the broker does not receive voting instructions from you. However, your broker does not have discretionary authority to vote on the election of Director nominees or the advisory vote discussed later in this Proxy Statement without instructions from you, in which case a broker non-vote will occur and your shares will not be voted on these matters.

What is a quorum for the Annual Meeting?

The presence of the holders of stock representing a majority of the voting power of all shares of stock issued and outstanding as of the Record Date, represented in person or by proxy, is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other holder of record) or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will each be counted as present for purposes of determining a quorum.

What are the voting requirements (including the effect of abstentions and non-broker votes) to elect the Director nominees and to approve each of the other proposals discussed in this Proxy Statement?

<u>Proposal</u>	<u>Vote Required For Approval</u>	<u>Abstentions</u>	<u>Broker Discretionary Voting Allowed?</u>
1 - Election of Directors	Majority of Votes Cast	No Effect	No
2 - Ratification of Selection of KPMG LLP	Majority of Votes Present and Entitled to Vote	Same Effect as a Vote "Against"	Yes
3 - Advisory Vote to Approve Named Executive Officer Compensation	Majority of Votes Present and Entitled to Vote	Same Effect as a Vote "Against"	No

Election of Directors

The affirmative vote of the majority of votes cast at the Annual Meeting is required to elect each Director. This means that the number of votes cast "FOR" a Director nominee must exceed the number of votes cast "AGAINST" such nominee. Abstentions and, if applicable, broker non-votes will not affect the outcome of such vote, because abstentions and broker non-votes are not considered to be votes cast. Any Director nominee who does not receive a majority of votes cast "FOR" his or her election would be required to tender his or her resignation promptly following the failure to receive the required vote. The Nominating and Corporate Governance Committee ("Governance Committee") would then be required to make a recommendation, within 90 days after the date of certification of the election results, to the Board as to whether the Board should accept the resignation, and the Board would be required to decide whether to accept the resignation and to disclose its decision-making process. In the event of a contested Director election, i.e., the number of Director nominees exceeds the number of Directors to be elected, the required vote would be a plurality of votes cast.

Ratification of Selection of KPMG LLP

The affirmative vote of a majority of the shares present or represented by proxy and entitled to vote on this proposal is required to approve the ratification of KPMG LLP as our independent registered public accounting firm. Abstentions will be counted as if voted "AGAINST" this proposal. Brokers have discretion to vote on the ratification of our independent registered public accounting firm and, as such, no votes on this proposal will be considered broker non-votes.

Advisory Vote to Approve Named Executive Officer Compensation

The affirmative vote of a majority of the shares present or represented by proxy and entitled to vote on this proposal is required to approve, on an advisory basis, the compensation of our Named Executive Officers (as defined herein). Abstentions will be counted as if voted "AGAINST" this proposal. Broker non-votes will have no effect on this proposal.

How will my shares be voted at the Annual Meeting?

At the Annual Meeting, the persons appointed by the Board (the persons named in the proxy card or, if applicable, their substitutes) will vote your shares as you instruct. If you sign your proxy card and return it without indicating how you would like to vote your shares, your shares will be voted as the Board recommends, which is set forth in below “How does the Board recommend that I vote?” Additionally, if no specific instructions are given, the shares will be voted in accordance with the recommendation of the Board and as the proxy holders may determine in their discretion with respect to any other matters that properly come before the Annual Meeting.

How does the Board recommend that I vote?

The Board unanimously recommends that you vote your shares:

1. “**FOR**” the election of each of the Director nominees named in this Proxy Statement.
2. “**FOR**” the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the 2019 fiscal year.
3. “**FOR**” the approval, on an advisory basis, of the compensation of our Named Executive Officers.

Could other matters be decided at the Annual Meeting?

On the date this Proxy Statement went to press, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement. For additional information see “Other Business” later in this Proxy Statement.

If you return your signed and completed proxy card or vote by telephone or via the Internet and other matters are properly presented at the Annual Meeting for consideration, the persons appointed as proxies by the Board will have the discretion to vote for you.

Can I access the Notice of Annual Meeting, the Proxy Statement and the 2018 Annual Report via the Internet?

The Notice of Annual Meeting, the Proxy Statement and the 2018 Annual Report are available via the Internet at www.proxyvote.com. Our proxy materials are also available on our Web site at www.mobilemini.com under the “Annual Reports” section of the “Filings and Financials” tab of the “Investor Relations” page. Instead of receiving future proxy statements and accompanying materials by mail, most stockholders can elect to receive an e-mail that will provide electronic links to them. Opting to receive your proxy materials online will save us the cost of producing documents and mailing them to your home or business, and will also give you an electronic link to the proxy voting site. Your election to receive proxy materials electronically will remain in effect until you terminate it.

Stockholders of Record: If you vote via the Internet at www.proxyvote.com, simply follow the prompts for enrolling in the electronic proxy delivery service. You also may enroll in the electronic proxy delivery service at any time in the future by going directly to www.proxyvote.com and following the enrollment instructions.

Beneficial Owners: You also may be able to receive copies of these documents electronically. Please check the information provided in the proxy materials sent to you by your broker, bank or other holder of record regarding the availability of this service.

GOVERNANCE OF THE COMPANY

OVERVIEW

The following sections of this Proxy Statement provide an overview of Mobile Mini’s corporate governance structure and processes, including independence and other criteria we use in selecting Director nominees, our Board leadership structure, and certain responsibilities and activities of the Board and its Committees, including a summary of our 2018 governance activities. We also discuss how our stockholders and other stakeholders can communicate with our Directors.

Mobile Mini’s Board is committed to maintaining strong corporate governance principles and practices. Our governance structure and processes are based upon a number of key governance documents, including our Corporate Governance Guidelines and policies described below. These Guidelines guide the Board and our executive management team in the execution of their responsibilities. Our Corporate Governance Guidelines are reviewed at least annually and are updated periodically in response to changing regulatory requirements, evolving practices, issues raised by our stockholders and other stakeholders and otherwise as circumstances warrant. As a result of this active engagement:

- The Company has adopted “Proxy Access.”
- 9 of the 10 Directors are currently independent.
- The roles of Chairman and CEO are split.
- The Chairman is an independent Director.
- The Company does not have a stockholder rights plan (a so-called “poison pill”).
- The Company’s Bylaws require a majority voting standard for the election of Directors.
- The Board is declassified.
- The Board has stock ownership guidelines for Directors and officers.
- The Audit, Compensation and Governance Committees are comprised solely of independent Directors.
- The Board has adopted an enhanced whistleblower policy to encourage reporting by employees of any allegations of impropriety.
- The Audit Committee restricts the hiring of current or former employees of our independent auditor.
- The Board has an executive “clawback” policy to reclaim previously awarded compensation from executives who are found to have engaged in willful fraud or the intentional manipulation of performance measures.
- Employment agreements for our Named Executive Officers (or “NEOs”, as defined hereinafter) listed in the “2018 Summary Compensation Table” contained herein require “double trigger” provisions, whereby change in control benefits for NEOs would only be payable following a change in control if the executive was terminated without cause or for good reason.
- The Board and each of its Committees have authority to retain outside advisors.
- The Board regularly rotates the members serving as Committee Chairs.
- The Compensation Committee’s outside advisor does not perform any other services for the Company and confirms its independence annually.
- There are no interlocks among the Compensation Committee members.
- The Board and each of its Committees perform annual self-assessments and a Board member peer review.
- Each Director attended at least 75% of the combined Board meetings and Committee meetings of which they were a member.
- Our Amended and Restated Equity Incentive Plan, as amended (the “Amended and Restated Equity Incentive Plan”), mandates a minimum vesting period of one year on at least 95% of the awards we grant under such plan and prohibits repricing of options and stock appreciation rights without stockholder approval, including paying cash upon cancellation of an underwater award as part of a repricing that would require stockholder approval.

The Board will continue to monitor corporate governance best practices and is committed to adopting policies that are in the best interests of the Company, its stockholders, employees and customers.

GOVERNANCE INFORMATION

Director Qualification Standards and Review of Director Nominees

The Governance Committee makes recommendations to the Board regarding the size and composition of the Board. The Committee is responsible for screening and reviewing potential Director candidates and recommending qualified candidates to the Board for nomination. The Governance Committee considers recommendations of potential candidates from current Directors, management and stockholders. Stockholders’ nominees for Directors must be made in writing and include the nominee’s written consent to the nomination and sufficient background information on the candidate to enable the Governance Committee to assess his or her qualifications. Nominations from stockholders must be addressed and must be received in accordance with the instructions set forth under “Requirements, Including Deadlines, For Submission of Stockholder Proposals and Nominees” later in this Proxy Statement in order to be included in the proxy statement relating to the next annual election of Directors.

Criteria for Board Membership

The Governance Committee is responsible for reviewing with the Board from time to time the appropriate skills and characteristics required of Board members in the context of the current size and make-up of the Board. This assessment includes issues of diversity and numerous other factors, such as work experience; understanding of and achievements in logistics, manufacturing, equipment leasing, technology, finance and sales and marketing; and other knowledge and experience relevant to Mobile Mini’s core businesses. These factors, and any other qualifications considered useful by the Governance Committee, are reviewed in the context of an assessment of the perceived needs of the Board when the Governance Committee recommends candidates to the Board for nomination. As a result, the priorities and emphasis that the Governance Committee, and the Board, places on various selection criteria may change from time to time to take into account changes in business and other trends, and the portfolio of skills and experience of current and prospective members. In addition, the Governance Committee, and the Board, are committed to considering candidates for the Board regardless of gender, ethnicity and national origin.

Director Independence

With the assistance of legal counsel to the Company, the Board has determined that, other than Erik Olsson, who is our CEO, each of the members of the Board is currently an “independent director” for purposes of the NASDAQ Listing Rules and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), as the term applies to membership on the Board and the various Committees of the Board. NASDAQ’s independence definition includes a series of objective tests, such as that the Director has not been an employee of the Company within the past three years and has not engaged in various types of business dealings with the Company. In addition, as further required by NASDAQ rules, our Board has made an affirmative subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director. In making these determinations, the Board reviewed and discussed information provided by the Directors and us with regard to each Director’s business and personal activities as they may relate to Mobile Mini and Mobile Mini’s management. On an annual basis, each Director and executive officer is obligated to complete a Director and Officer Questionnaire that requires disclosure of any transactions with Mobile Mini in which the Director or officer, or any member of his or her family, have a direct or indirect material interest.

Based upon all of the elements of independence set forth in the NASDAQ rules and listing standards, the Board has determined that each of the non-employee Directors (Michael L. Watts, Sara R. Dial, Jeffrey S. Goble, James J. Martell, Stephen A McConnell, Frederick G. McNamee, III, Kimberly J. McWaters and Lawrence Trachtenberg) was independent in 2018 and has no relationship with Mobile Mini, except as a Director and stockholder of the Company. Further, Michael W. Upchurch, a non-employee Director appointed in February 2019, has no relationship with Mobile Mini, except as a Director of the Company.

In connection with the determination by the Board that Mr. Watts is independent, the Board considered the related party transactions with Mr. Watts disclosed in “Transactions with Related Persons” later in this Proxy Statement.

Board Leadership Structure

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that there is no single, generally accepted approach to providing Board leadership, and that given the dynamic and competitive environment in which we operate, the right Board leadership structure may vary as circumstances warrant. Our Corporate Governance Guidelines currently provide that the Board may select either a combined CEO and Chairman role, or appoint a Chairman who does not also serve as CEO. We currently separate the roles of CEO and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Chairman of the Board provides guidance to the CEO and sets the agenda for Board meetings and presides over meetings of the full Board. The Board believes this leadership structure is optimal for the Company at the current time.

A number of factors support the leadership structure chosen by the Board, including, among others: the Board believes this governance structure promotes balance between the Board’s independent authority to oversee our business and the CEO and his management team who manage the business on a day-to-day basis; the current separation of the Chairman and CEO roles allows the CEO to focus his time and energy on operating and managing Mobile Mini and leverages the experience and perspectives of the Chairman; the Chairman sets the agenda for, and presides over, Board meetings and independent sessions and coordinates the work of the Committees of our Board providing independent oversight and streamlining the CEO’s duties; and the Chairman serves as a liaison between the Board and senior management, but having an independent Chairman also enables independent Directors to raise issues and concerns for Board consideration without immediately involving management.

The Board also believes that the current leadership structure provides independent oversight and management accountability through regular executive sessions of the independent Directors that are mandated by our Corporate Governance Guidelines and which are chaired by the Chairman of the Board, as well as through a Board composed of a majority of independent Directors.

In the event that our CEO is also the Chairman, our independent Directors would elect an independent Lead Director to be responsible for coordinating the activities of the other independent Directors and perform various other duties. The general authority and responsibilities of an independent Lead Director are established in our Corporate Governance Guidelines, which are posted on our Web site at www.mobilemini.com under the “Governance” section of the “Investor Relations” page.

Executive Sessions of Non-Employee Directors

Executive sessions of non-employee Directors are held before or during each regularly scheduled meeting of our Board and at other times as necessary and are led by our Chairman, Mr. Watts. At these executive sessions, the non-employee Directors review, among other things, the criteria upon which the performance of the CEO and other senior officers is evaluated, the performance of the CEO against such criteria, and the compensation of the CEO and other senior officers. Executive sessions during Audit Committee meetings also include meetings between members of the Audit Committee and the Company’s independent registered public accounting firms. Additional meetings are held from time to time with the CEO to discuss relevant subjects. The Board’s policy is to hold executive sessions without the presence of management, including the CEO.

The Board’s Role in Risk Oversight

Management is responsible for assessing and managing risk, subject to oversight by the Board. The Board executes its oversight responsibility for risk assessment and risk management directly and through its Committees, as follows:

- The Audit Committee has primary responsibility for overseeing the Company’s enterprise risk management. The Company’s Chief Financial Officer, who works with the Audit Committee, facilitates this risk management in coordination with the Company’s General Counsel, as part of the Company’s strategic planning process. The Company’s Chief Financial Officer, General Counsel, Chief Information Officer, Chief Accounting Officer and Director of Risk Management together function as a Risk Committee and prepare an annual report to the Board on risks facing the Company, the probability and potential impact, as well as steps taken to mitigate risk. Additionally, the Chief Information Officer presents a quarterly review of cybersecurity risk and systems in place to mitigate this risk. The Audit Committee’s meeting agendas throughout the year include discussions of the Company’s policies with respect to risk assessment and risk management, as well as review of contingent liabilities and risks that may be material to the Company and major legislative and regulatory developments which could materially impact the Company’s contingent liabilities and risks. In addition, the Audit Committee has responsibilities with respect to our compliance program. For additional information, see “— Board and Committee Membership — The Audit Committee” and “Proposal 2 — Ratification of Selection of Independent Registered Public Accounting Firm — Audit Committee Report” later in this Proxy Statement.
- The Board’s Committees oversee risks associated with their respective areas of responsibility. For example, the Compensation Committee considers the risks associated with our compensation policies and practices, with respect to both executive compensation and compensation generally. The Board is kept informed of its Committees’ risk oversight and other activities via reports of the Committee Chairmen to the full Board. These reports are presented at every regular Board meeting and include discussions of Committee agenda topics, including matters involving risk oversight. In addition, all Board members are invited to all committee meetings as an additional method of keeping each Director aware of the various risks and activities across the Company.
- The Board considers specific risk topics, including risks associated with our strategic plan and proposed strategic initiatives, our capital structure, our development activities, our technology systems, and our disaster recovery plans. In addition, the Board receives regular reports from the members of our executive management — the heads of our principal corporate functions — that include discussions of the risks and exposures involved in their respective areas of responsibility. These reports are provided in connection with and discussed at Board meetings. Further, the Board is routinely informed of developments that could affect our risk profile or other aspects of our business.

Risk Considerations in our Compensation Programs

The Compensation Committee conducts an annual risk assessment of our compensation policies and practices for employees, including those related to executive compensation programs. As part of the risk assessment, the Compensation Committee reviews our compensation programs for certain design features that have been identified by experts as having the potential to encourage excessive risk-taking, such as compensation mix overly weighted toward annual incentives and unreasonable goals or thresholds. The Compensation Committee has determined that, for all employees, our compensation programs encourage our employees to take appropriate risks and encourage behaviors that enhance sustainable value creation in furtherance of the Company's business, but do not encourage excessive risk. The Compensation Committee believes that its balanced approach to short-term and long-term incentive compensation does not incentivize employees to take unnecessary risks. The Compensation Committee, with the assistance of independent advisors, intends to continue, on an on-going basis, a process of thoroughly reviewing our compensation policies and programs to ensure that our compensation programs and risk mitigation strategies continue to discourage imprudent risk-taking activities.

Communications with the Board of Directors

Stockholders may communicate with the Board by writing to us at Mobile Mini, Inc., 4646 E. Van Buren Street, Suite 400, Phoenix, AZ 85008, Attn: Corporate Secretary. Communications received in writing will be distributed to the Chairman of the Board or the Chairman of the appropriate committee of the Board, depending on the facts and circumstances contained in the communication received. The Corporate Secretary has been instructed not to forward items that are deemed to be of a frivolous nature, unrelated to the duties and responsibilities of the Board or otherwise inappropriate for the Board's consideration. In certain instances, the Corporate Secretary may forward such correspondence elsewhere in the Company for review and possible action or response.

Indemnification of Directors and Officers

As required by our Bylaws, we indemnify our Directors and our officers to the fullest extent permitted by law so that they will be free from undue concern about personal liability in connection with their service to the Company. We also have entered into agreements with our Directors that contractually obligate us to provide this indemnification.

Mobile Mini's Policies on Business Conduct and Ethics

All of our employees, including our CEO, Chief Financial Officer and Principal Accounting Officer, are required to abide by our Code of Business Conduct and Ethics to ensure that our business is conducted in a consistently legal and ethical manner. These policies form the foundation of a comprehensive process that includes compliance with corporate policies and procedures, an open relationship among colleagues that contributes to good business conduct, and a commitment to honesty, fair dealing and full compliance with all laws and regulations affecting Mobile Mini's business. Our policies and procedures cover all major areas of professional conduct, including employment policies, conflicts of interest, intellectual property and the protection of confidential information, as well as strict adherence to laws and regulations applicable to the conduct of our business.

Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of our Code of Business Conduct and Ethics. As required by the Sarbanes-Oxley Act of 2002, our Audit Committee has procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

The Company's CEO, Chief Financial Officer, Principal Accounting Officer, Controller, if applicable, and Senior Accounting Officers (collectively, the "Senior Financial Officers") are also required to abide by our Supplemental Code of Ethics for CEO and Senior Financial Officers (the "Supplemental Code of Ethics"). The Supplemental Code of Ethics sets forth specific policies to guide the Senior Financial Officers in the performance of their duties, including policies addressing compliance with laws, rules and regulations, conflicts of interest, and disclosures in the Company's periodic reports and other public communications.

The full text of both the Code of Business Conduct and Ethics and the Supplemental Code of Ethics are posted on our Web site at www.mobilemini.com under the "Governance" section of the "Investor Relations" page. We will disclose any future amendments to, or waivers from, provisions of these ethics policies and standards on our Web site as promptly as practicable, as may be required under applicable SEC and NASDAQ rules and, to the extent required, by filing Current Reports on Form 8-K with the SEC disclosing such information.

CORPORATE GOVERNANCE REPORT

Good corporate governance is fundamental to our business and our success. We seek to ensure that good governance and responsible business principles and practices are part of our culture and values and the way we do business.

2018 in Review

Our STI/LTI Plans. As a result of the feedback from our shareholders stating general support for the format of our executive compensation program, we did not make substantive changes to the program design following the 2018 Annual Meeting. Our equity grants made in early 2019 have the same structure as the equity grants made in early 2018. The CEO's STI (bonus) targets for 2019 performance are based on the achievement of specific rental revenue and EBITDA targets, similar to our 2018 STI (bonus) plan. For the NEOs other than the CEO, STI targets also include a component relating to achievement of individual business goals.

Stockholder Outreach. We value our stockholders' perspective on our business and each year interact with stockholders through numerous stockholder engagement activities. In 2018, these activities included participation in investor conferences, meetings with individual stockholders throughout the year, as well as meeting with stockholders and answering questions at our 2018 Annual Meeting. As part of this outreach, beginning in December 2017 we contacted each of our top 30 stockholders, representing approximately 85% of our outstanding shares, for feedback relating to our corporate governance and executive compensation programs. Additionally we offered meetings with senior management and the chairs of our Compensation and Governance Committees.

From the 2018 Annual Meeting until the date of this Proxy statement, holders representing approximately 33% of our outstanding shares participated in meetings with management regarding governance and pay practices. We were in contact with many more stockholders on matters relating to financial performance through investor conferences and other meetings throughout 2018.

Other Corporate Governance Activities

The Board and the Governance Committee were active in many other areas prior to the 2019 Annual Meeting, including:

- conducting a search for, and selecting, a new independent Director, Michael W. Upchurch;
- implementing the previously adopted stockholder-friendly "Proxy Access" provisions;
- monitoring and evaluating corporate governance developments and related legislative initiatives, such as the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") and new SEC rules and proposals and other key areas;
- reviewing and assessing the Company's senior leadership and ensuring ongoing and succession planning is taking place;
- assessing Director independence, Director compensation, related party transactions, and service by our senior management and Directors on other boards of directors; and
- reviewing our governing documents, including our Code of Business Conduct and Ethics and Supplemental Code of Ethics.

BOARD AND COMMITTEE MEMBERSHIP

Meeting Attendance

During 2018, our Board met six times and we had three standing committees: the Audit Committee, the Compensation Committee, and the Governance Committee. Each of our Directors attended at least 75% of the combined meetings of the Board and the Board Committees on which he or she served that were held during the time he or she was a Director in 2018.

The Audit Committee

The Audit Committee, which met four times in 2018, is governed by a Board-approved Charter stating its responsibilities. Under its Charter, the Audit Committee is responsible for reviewing, with the independent registered public accounting firm, internal audit procedures and the adequacy and effectiveness of internal controls over financial reporting. The Audit Committee also reviews and consults with management, internal audit and the independent registered public accounting firm on matters related to the annual audit, the published financial statements, earnings releases, and the accounting principles applied. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the Company's independent auditors and evaluates the independent auditors' qualifications, performance and independence. The Audit Committee reviews reports from management relating to the status of compliance with laws, regulations and internal procedures.

In addition, the Audit Committee is responsible for reviewing and discussing with management the Company's policies with respect to risk assessment and risk management. Further detail about the role of the Audit Committee in risk assessment and risk management may be found in "— Governance Information — The Board's Role in Risk Oversight" earlier in this Proxy Statement.

The Audit Committee has established policies and procedures for the pre-approval of all services provided by the independent auditors. The Audit Committee has also established procedures for the receipt, retention and treatment, on a confidential basis, of complaints received by the Company. Further detail about the role of the Audit Committee may be found in "Proposal 2 — Ratification of Selection of Independent Registered Public Accounting Firm — Audit Committee Report" later in this Proxy Statement.

The Board has determined that each of the members of the Audit Committee is financially literate and independent, as defined by the rules of the SEC and NASDAQ. Our Audit Committee must also include at least one independent member who is determined by the Board to meet the qualifications of an “audit committee financial expert” in accordance with SEC rules, including that the person meets the relevant definition of an “independent director.” Our Board has determined that Stephen A McConnell and Lawrence Trachtenberg are both audit committee financial experts. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. McConnell’s and Mr. Trachtenberg’s experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon Mr. McConnell or Mr. Trachtenberg any duties, obligations or liabilities that are greater than those that are generally imposed on them as members of the Audit Committee and the Board, and their designation as audit committee financial experts pursuant to this SEC requirement does not affect the duties, obligations or liabilities of any other member of the Audit Committee or the Board.

The Audit Committee is required by rules of the SEC to publish a report to stockholders concerning the Audit Committee’s activities during the prior fiscal year. See “— Audit Committee Report” contained within this Proxy Statement.

A copy of the Audit Committee Charter is available on our Web site at www.mobilemini.com under the “Governance” section of the “Investor Relations” page.

The Compensation Committee

The Compensation Committee, which met five times in 2018, is governed by a Board-approved Charter stating its responsibilities. The Compensation Committee determines and oversees the execution of the Company’s executive compensation philosophy and oversees the administration of the Company’s executive compensation programs. Its responsibilities also include overseeing Mobile Mini’s compensation and benefit plans and policies, administering our incentive programs, which include our STI and LTI plans for various executive officers (including reviewing and approving equity grants and cash bonuses) and reviewing and approving annually all compensation decisions for the Company’s executive officers, including the NEOs identified in the “2018 Summary Compensation Table” contained herein. See “Compensation Discussion and Analysis” later in this Proxy Statement for information concerning the Compensation Committee’s role, processes and activities in overseeing executive compensation.

The Board has determined that each of the members of the Compensation Committee is independent, as defined by the rules of the SEC and NASDAQ. In addition, each Compensation Committee member is a “non-employee director” as defined in Rule 16b-3 under the Exchange Act and is an “outside director” as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”).

The Compensation Committee has in the past, and may in the future, delegate authority to review and approve the compensation of certain of our employees to our CEO, or other senior executive officers. Even where the Compensation Committee has not delegated that authority, our senior executive officers evaluate employee performance, establish performance targets and objectives and provide recommendations to the Compensation Committee regarding compensation to be paid to certain of our employees.

The Compensation Committee’s Charter provides that the Compensation Committee shall have the authority, to the extent it deems necessary or appropriate, to retain and oversee a compensation consultant and such other advisors to assist in the evaluation of Director, CEO or senior executive compensation. The Charter further provides that the Compensation Committee has the sole authority to retain and terminate any such consulting firm and has the sole authority to approve any such consulting firm’s fees and other retention terms. The Company has provided appropriate funding to the Compensation Committee for the foregoing purpose.

Compensation Committee Consultant

Pursuant to the authority granted to it in its Charter, the Compensation Committee engaged Mercer again in 2018 to review the competitiveness of the Company’s compensation program for our non-employee Directors and our senior executive officers. Mercer also advises the Compensation Committee regarding various other executive and Director compensation issues as requested. Please refer to the discussion of the “Our Executive Compensation Program Framework — Role of Compensation Consultant” in the “Compensation Discussion and Analysis” section of this Proxy Statement for further details.

Mercer reports directly to the Compensation Committee, and the Compensation Committee may replace Mercer or hire additional consultants at any time. Mercer attends meetings of the Compensation Committee, as requested, and communicates with the Compensation Committee Chairman between meetings; however, the Compensation Committee makes all decisions regarding the compensation of the Company's executive officers.

Mercer provides various executive compensation services to the Compensation Committee with respect to the Company's executive officers and other key employees. The services Mercer provides include advising the Compensation Committee on the principal aspects of the Company's executive compensation program and evolving best practices, and providing market information and analysis regarding the competitiveness of the Company's program design and the Company's award values in relationship to its performance.

The Compensation Committee regularly reviews the services provided by its outside consultants and believes that Mercer is independent in providing executive compensation consulting services. The Compensation Committee conducted a review of its relationship with Mercer in 2018, and determined that Mercer's work for the Compensation Committee did not raise any conflicts of interest, consistent with the guidance provided under the Dodd-Frank Act, SEC rules and New York Stock Exchange. In making this determination, the Compensation Committee noted that during 2018:

- Mercer did not provide any services to the Company or its management other than service to the Compensation Committee, and its services were limited to executive and Board compensation consulting. Specifically, it did not provide, directly or indirectly through affiliates, any non-executive compensation services, including, but not limited to, pension consulting or human resource outsourcing;
- Fees from the Company were less than 1% of Mercer's total revenue;
- Mercer maintains a Conflicts Policy with specific policies and procedures designed to ensure independence;
- None of the Mercer consultants who worked on Company matters had any business or personal relationship with Compensation Committee members;
- None of the Mercer consultants who worked on Company matters, or Mercer, as a whole, had any business or personal relationship with executive officers of the Company; and
- None of the Mercer consultants who worked on Company matters directly own Company stock.

The Compensation Committee continues to monitor the independence of its compensation consultant on a periodic basis.

A copy of the Compensation Committee Charter is available on our Web site at www.mobilemini.com under the "Governance" section of the "Investor Relations" page.

The Nominating and Corporate Governance Committee

The Governance Committee, which met three times in 2018, is comprised solely of independent Directors and is governed by a Board-approved Charter stating its responsibilities. The Governance Committee is responsible for considering and periodically reporting to the Board on matters relating to the identification, selection and qualification of candidates nominated to the Board and its committees; reviewing and assessing the effectiveness of our Corporate Governance Guidelines on significant corporate governance issues and recommending to the Board proposed revisions to such guidelines; and performing such other functions as the Board may from time to time assign to it. The Governance Committee also reviews and makes recommendations to the Board regarding the size and the composition of the Board. In addition, the Governance Committee will review and consider properly submitted stockholder recommendations on candidates for membership on the Board as described below.

A copy of the Nominating & Corporate Governance Committee Charter is available on our Web site at www.mobilemini.com under the "Governance" section of the "Investor Relations" page.

Compensation of Non-Employee Directors

During 2018, we had eight non-employee Directors that qualified for compensation. The 2018 compensation program for non-employee Directors included the following features:

- The annual retainer fee was \$55,000 for Directors, or \$90,000 for the Chairman of the Board.
- There was no fee for attending a Board meeting.
- The annual stock award was \$100,000 for Directors, or \$145,000 for the Chairman of the Board.
- The annual retainer fee paid to the Chairman of each of the three standing committees was \$15,000, and the annual retainer fees paid to non-Chairman Committee members was \$6,000.

Employee Directors do not receive any additional compensation for service on our Board. The following table sets forth information regarding the compensation earned during fiscal year 2018 by each individual who served as a non-employee Director at any time during the fiscal year.

(1) Represents the grant-date fair value of the Directors' equity awards in fiscal year 2018, as calculated in accordance with GAAP. These awards vest 100% when granted. The Company does not issue fractional shares for these awards nor does the Company compensate in cash for any fractional differences between the share-value and intended fair market value. The values included in this column have not been, and may never be realized. The value of the shares realized by the holder will depend on the share price on the date the shares awarded are sold. Assumptions used to value equity awards are disclosed in Note 10 to the consolidated financial statements contained in the 2018 Annual Report to stockholders on form 10-K.

(2) As of December 31, 2018, no non-employee Director held unvested stock awards or stock option awards.

Based on a review in early 2018, the total compensation for a typical non-Chair director is between the 25th and 50th percentile of Board compensation for our peers. An additional non-employee Director was appointed in February 2019.

Non-Employee Director Stock Ownership Requirement

Each non-employee Director is required to own shares of our common stock having a value at least equal to five times the annual cash retainer and committee fees paid to non-employee Directors. The measurement date to determine compliance with the stock ownership requirement is December 31st of each year. Any newly elected non-employee Director will have five years following his or her election to the Board to meet the stock ownership requirement. Until the amount contemplated by the guidelines is achieved, or if a Director becomes non-compliant due to a reduction in the price of the Company's common stock, such Director is required to retain an amount equal to 50% of the shares received as a result of the exercise of options or the vesting and settlement of restricted stock, restricted stock units, performance shares, or other similar full value awards. As of the date of this Proxy Statement, all of our non-employee Directors were in compliance with this stock ownership requirement. We have also adopted stock ownership requirements for our executive officers as described herein.

BENEFICIAL OWNERSHIP TABLE

TRANSACTIONS WITH RELATED PERSONS

REVIEW AND APPROVAL OF TRANSACTIONS WITH RELATED PERSONS

The Board has a written policy and procedures for review and approval of transactions involving Mobile Mini and “related persons” (which includes our Directors and executive officers or their immediate family members, or stockholders and their immediate family members owning 5% or more of Mobile Mini’s common stock). The policy applies to any transaction in which Mobile Mini is a participant and any related person that has a direct or indirect material interest, excluding de minimis transactions of a commercial or other nature between a related person and Mobile Mini, or compensation arrangements between Mobile Mini and an executive officer or Director, or transactions involving competitive bids or in which standing pre-approval has been given.

Pursuant to its written Charter, the Audit Committee must review and approve in advance all related person transactions. In determining whether to approve a related person transaction, the Audit Committee looks to whether the related person transaction is on terms and conditions no less favorable to Mobile Mini than may reasonably be expected in arm’s-length transactions with unrelated parties. The Audit Committee will also consider such other factors as it may determine in circumstances of a particular transaction.

The Audit Committee is responsible for reviewing the material facts of all related person transactions, subject to the exceptions described above. The Audit Committee will either approve or disapprove the entry into the related person transaction. If advance approval is not feasible, the transaction will be considered and, if the Audit Committee determines it to be appropriate, ratified at the Audit Committee’s next regularly scheduled meeting. In determining whether to approve or ratify a transaction with a related person, the Audit Committee will take into account, among other factors that it determines to be appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person’s interest in the transaction. Information relating to Mobile Mini’s transactions with related persons is set forth immediately below.

TRANSACTIONS WITH RELATED PERSONS IN 2018

We have entered into indemnification agreements with our Directors and certain of our executive officers containing provisions that require us, among other things, to indemnify our Directors and certain of our executive officers against certain liabilities that may arise by reason of their status or service as Directors or executive officers and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified.

With our acquisition of Gulf Tanks Holdings, Inc., the parent company of Houston, Texas-based Evergreen Tank Solutions (“ETS”), in December 2014 (the “ETS Acquisition”), the Company acquired its subsidiary, Water Movers, Inc., an Arizona corporation, which had previously entered into two real property lease agreements with an entity partly owned by Michael L. Watts, our Chairman of the Board. These lease agreements began in 2013, prior to the ETS Acquisition, and expire in 2023. Aggregate rental payments under these lease agreements are currently approximately \$19,000 per month.

Mr. Watts is also a minority investor in a digital marketing and strategy company with which Mobile Mini conducts business. During 2018 and 2017, Mobile Mini made approximately \$0.4 million and \$0.7 million, respectively, in payments to this company. There was no payable due at December 31, 2018.

Prior to becoming Senior Vice President – Chief Human Resources Officer on November 30, 2017, Mark Krivoruchka was president and owner of a management consultant company that provided human resources consulting and staffing services to Mobile Mini. For the year ended December 31, 2017, Mobile Mini expensed approximately \$1.0 million related to this agreement, including reimbursement for expenses incurred. No expenses were incurred under this agreement in 2018.

Except for the agreements noted in the foregoing paragraphs and the compensation and other arrangements described in “Compensation of Non-Employee Directors” and “Executive Compensation” elsewhere in this Proxy Statement, there were no transactions during our fiscal year ended December 31, 2018, and there is not currently proposed any transaction or series of similar transactions to which we were or will be a party, in which the amount involved exceeded or will exceed \$120,000 in which any Director, any executive officer, any holder of 5% or more of our common stock or any member of their immediate family had or will have a direct or indirect material interest.

In the vote on the election of the Director nominees, stockholders may vote “FOR” nominees or “AGAINST” nominees. **PROPOSAL 2 — RATIFICATION OF SELECTION OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM
(Item No. 2 on the Proxy Card)**

The Audit Committee of our Board has selected KPMG LLP to serve as our independent registered public accounting firm to audit the consolidated financial statements of the Company for the fiscal year ending December 31, 2019. KPMG LLP has acted in such capacity since May 17, 2013. Although ratification is not required by our Bylaws or otherwise, the Board is submitting the selection of KPMG LLP to our stockholders for ratification because we value our stockholders’ views on the Company’s independent registered public accounting firm and as a matter of good corporate practice. The affirmative vote of a majority of the shares present or represented by proxy and entitled to vote on this proposal is required to approve the ratification of KPMG LLP as our independent registered public accounting firm. Abstentions will be counted as if voted “AGAINST” this proposal. Even if the selection is ratified, however, the Audit Committee may in its discretion select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and of our stockholders.

In the event that our stockholders fail to ratify the selection, it will be considered a recommendation to the Board and the Audit Committee to consider other auditors for next year. However, because of the difficulty in making any substitution of auditors after the beginning of the current year, the appointment for 2019 will stand, unless the Audit Committee determines there is a reason to make a change.

Representatives of KPMG LLP will attend the Annual Meeting, have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders.

The Audit Committee reviews and pre-approves both audit and all permissible non-audit services provided by our independent registered public accounting firm. Accordingly, all services and fees in 2018 provided by KPMG LLP were pre-approved by the Audit Committee.

Our Board unanimously recommends a vote “FOR” the ratification of KPMG LLP as our independent registered public accounting firm for 2019.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Consistent with the requirements of the SEC and the PCAOB regarding auditor independence, the Audit Committee has established a pre-approval policy and procedures for audit, audit-related, tax services, and any other fees and services that can be performed by the independent auditors without specific authorization from the Audit Committee, subject to certain restrictions. The policy sets out the specific services pre-approved by the Audit Committee and the applicable limitations, while ensuring the independence of the independent auditors to audit the Company’s financial statements is not impaired. The pre-approval policy does not include a delegation to management of the Audit Committee responsibilities under the Exchange Act.

Prior to engagement of the independent registered public accounting firm for the next year's audit, management submits for Audit Committee approval a list of services and related fees expected to be rendered during that year within each of four categories of services:

- (1) Audit services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits, and discussions surrounding the proper application of financial accounting and/or reporting standards.
- (2) Audit-related services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions, audits of employee benefit plans, and special procedures required to meet certain regulatory requirements.
- (3) Tax services include all services, except those services specifically related to the audit of the financial statements, performed by the independent registered public accounting firm's tax personnel, including tax analysis; assistance with the coordination and execution of tax-related activities, primarily in the area of corporate development; support for other tax-related regulatory requirements; and tax compliance and reporting.
- (4) All other services are those services not captured in the audit, audit-related or tax categories. The Company generally does not request such services from the independent registered public accounting firm.

Prior to engagement, the Audit Committee pre-approves independent registered public accounting firm services and budgets the fees for each service category. The Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by service category. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm.

All Audit, Audit-Related, Tax and All Other fees described above were approved by the Audit Committee before services were rendered.

AUDIT COMMITTEE REPORT

In connection with the financial statements for the fiscal year ended December 31, 2018, the Audit Committee has:

- (1) reviewed and discussed the audited financial statements with management,
- (2) discussed with KPMG LLP, the Company's independent registered public accounting firm, the matters required to be discussed under the rules adopted by the Public Company Accounting Oversight Board ("PCAOB"), and
- (3) received the written disclosure and letter from KPMG LLP with respect to the matters required by PCAOB Rule 3526, "Communications with Audit Committees Concerning Independence," and discussed the matters therein with KPMG LLP.

Based upon these reviews and discussions, the Audit Committee recommended to the Board that the Company's audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2018 filed with the SEC.

The foregoing Audit Committee Report shall not be deemed to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, except to the extent that the Company specifically incorporates such information by reference in such filing and shall not otherwise be deemed "filed" under either the Securities Act or the Exchange Act or considered to be "soliciting material."

PROPOSAL 3 — ADVISORY (NON-BINDING) RESOLUTION
REGARDING EXECUTIVE COMPENSATION
(SAY-ON-PAY)
(Item No. 3 on the Proxy Card)

Background

The Dodd-Frank Act requires that our stockholders have the opportunity to cast a non-binding, advisory vote on the compensation of our Named Executive Officers, as described in the “Compensation Discussion and Analysis” section (“CD&A”) elsewhere in this Proxy Statement, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure as set forth in this Proxy Statement. Please refer to the CD&A section of this Proxy Statement for a detailed discussion about our executive compensation programs, including information about the fiscal year 2018 compensation of our NEOs.

The advisory vote on executive compensation is not a vote on our general compensation policies, the compensation of our Board or our compensation policies as they relate to risk management.

The CD&A of this Proxy Statement provides a more detailed discussion of our executive compensation program and compensation philosophy. As noted in the CD&A, the Compensation Committee believes that our executive compensation program implements and achieves the goals of our executive compensation philosophy. That philosophy, which is set by the Compensation Committee, is to align the interests of the Company’s executives with those of its stockholders by rewarding performance at or above established goals that may be expected to enhance stockholder value, and to provide the compensation and incentives needed to attract, motivate and retain superior people in key positions and ensure that compensation provided to key employees is competitive relative to the compensation paid to similarly situated executives in peer companies generally.

Please refer to the CD&A of this Proxy Statement and accompanying tables and, in particular, the “Our Executive Compensation Program Framework” section contained therein for details regarding how our compensation program for executive management is structured to support and reward our annual and long-term financial performance as an organization.

Further details concerning the elements of our executive compensation program, how we implement our philosophy and goals, and how we apply the above principles to our compensation program are provided in the CD&A. In particular, we discuss how we set compensation targets and other objectives and evaluate performance against those targets and objectives to assure that performance is appropriately rewarded. In addition, the CD&A includes a discussion of the results of the prior year Say-on-Pay vote and the Compensation Committee’s response to the results.

The vote solicited by this Proposal 3 is advisory, and, therefore, is not binding on the Company, our Board or our Compensation Committee, nor will its outcome require the Company, our Board or our Compensation Committee to take any action. Moreover, the outcome of the vote will not be construed as overruling any decision by the Company or the Board.

Furthermore, because this non-binding, advisory resolution primarily relates to the compensation of our NEOs that has already been paid or contractually committed, there is generally no opportunity for us to revisit these decisions. However, our Board, including our Compensation Committee, values the opinions of our stockholders and, to the extent there is any significant vote against the executive officer compensation as disclosed in this Proxy Statement, we will consider our stockholders’ concerns and evaluate what actions, if any, may be appropriate to address those concerns.

Stockholders will be asked at the Annual Meeting to approve the following resolution pursuant to this Proposal 3:

“RESOLVED, that the stockholders of Mobile Mini, Inc. approve, on an advisory basis, the compensation of the Company’s Named Executive Officers, as disclosed pursuant to Item 402 of SEC Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative disclosures in the Company’s definitive Proxy Statement for the Annual Meeting of Stockholders.”

Vote Required and Board Recommendation

The affirmative vote of a majority of the shares present or represented by proxy and entitled to vote on this proposal is required to approve, on an advisory basis, the compensation of our Named Executive Officers. Abstentions will be counted as if voted “AGAINST” this proposal. Broker non-votes will have no effect on this proposal.

Our Board unanimously recommends a vote “FOR” the approval, on an advisory basis, of the compensation of the Company’s Named Executive Officers, as stated in the foregoing resolution.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This CD&A describes Mobile Mini’s executive compensation program for fiscal year 2018. We use our compensation program to attract, motivate and retain the colleagues who lead our business. In particular, this CD&A explains how the Compensation Committee (for purposes of this CD&A, the “Committee”) of the Board made 2018 compensation decisions for the following NEOs:

NEO	Title
Erik Olsson	Chief Executive Officer
Van Welch	Executive Vice President & Chief Financial Officer
Kelly Williams (1)	President & Chief Operating Officer
Mark Krivoruchka	Senior Vice President, Human Resources
Christopher J. Miner	Senior Vice President & General Counsel

- (1) Mr. Williams became President of the Company November 1, 2018 after serving as Executive Vice President & Chief Operating Officer since June 2014.

2018 Business Highlights:

Our 2018 Annual Report, included with this Proxy Statement, contains financial information calculated in accordance with generally accepted accounting principles in the U.S. (“GAAP”), along with additional non-GAAP financial information, some of which is excerpted below. This information should be read together with our Annual Report on Form 10-K for the fiscal year ended December 31, 2018, filed with the SEC on February 5, 2019 (the “2018 Form 10-K”) which includes additional information and related GAAP reconciliations.*

For the year ended December 31, 2018, our achievements included:

- Grew total rental revenues 11.9% year-over-year
- Within our Storage Solutions business, which represented approximately 80% of rental revenue in 2018:
 - Grew total rental revenues 10.1% year-over-year,
 - Increased year-over-year Storage Solutions rental rates by 2.4%, and
 - Increased average units on rent by 3.5%,
- Successfully positioned our Tank & Pump Solutions business to take advantage of positive trends in our underlying markets, which resulted in:
 - Year-over-year rental revenue growth of 20.1%,
 - Increased average equipment on rent (based on original equipment cost) by 20.8% year-over-year, with sequential increases in each quarter, and
 - Year-over-year rate increases for new equipment placed on rent,
- Generated adjusted EBITDA of \$217.2 million, with a 36.6% margin,
- Implemented digital and mobile solutions across our businesses to drive market share, especially with large customers that value this deepened technology, and
- Generated \$72.9 million in free cash flow and returned \$44.5 million to shareholders through dividends.
- Decreased leverage ratio to 4.2x as of December 31, 2018, from 5.0x as of December 31, 2017 (leverage ratio calculated by dividing debt, less cash, by adjusted EBITDA).

* For a discussion of our use of non-GAAP financial measures, including constant currency, and a reconciliation of (i) adjusted EBITDA to net income and net cash provided by operating activities and (ii) free cash flow to net cash provided by operating activities, please see the “Non-GAAP Data and Reconciliations” section beginning on page 29 in Item 6 of the 2018 Form 10-K.

Our consistent delivery of strong free cash flow has enabled us to create and return stockholder value. Our Board increased the Company's first quarter 2019 cash dividend to 27.5 cents per share, a 10% increase compared to the preceding period. In addition to raising our quarterly dividend amount, we may opportunistically repurchase treasury shares from time to time in the open market or in privately negotiated transactions. As of February 22, 2019, we have \$70.8 million remaining authorized in our Board approved share repurchase program.

2018 Compensation Highlights:

- Base salaries for our NEOs increased between 0% and 5.2% for merit based increases.
- Base salary increased approximately 15% for Mr. Williams upon his promotion to President in November 2018, resulting in a total base salary increase of approximately 21% in 2018.
- The 2018 annual STI (bonus) plan, which was paid in February 2019, was paid at 200% of target, based primarily on rental revenue growth of 11.9% and adjusted EBITDA growth of 17.6%.
- NEOs received LTI plan awards granted in the form of service-based and performance-based restricted stock. LTI plan awards are based on achievement of ROCE targets. In 2018 ROCE grew 19.6% compared to 2017.
 - Performance criteria related to the first tranche of the performance-based restricted stock awards granted in 2018 vested at 200%. The remaining tranches are contingent on achievement of performance criteria in 2019 and 2020.
 - Performance criteria related to the second tranche of the performance-based options granted in 2017 vested at 200%. The remaining tranche is contingent on achievement of performance criteria in 2019.
 - Performance criteria related to the third tranche of the performance-based options granted in 2016 vested at 200%.

Rental revenue, adjusted EBITDA and ROCE for compensation purposes are adjusted by the Compensation Committee for the effect of currency fluctuations. ROCE was also adjusted in 2018 to remove the impact related to an asset impairment and divestiture. For more information please refer to "Our Executive Compensation Program in Detail" section.

EXECUTIVE SUMMARY

We believe our executive compensation program promotes good governance and operates in the best interests of our stockholders. We are committed to the highest standards of ethics, business integrity and corporate governance. Our governance practices are designed to establish and preserve management accountability, provide a structure that allows the Board to set objectives and monitor performance, ensure the efficient use and accountability of resources, and enhance stockholder value. A summary of our compensation and governance practices are listed below:

We do		We do not
✓ Place heavy emphasis on variable compensation, meaning cash and equity awards are dependent on the achievement of short-term and long-term financial goals	✓ Elect all Directors annually	× Offer compensation-related tax gross-ups
✓ Use performance-related long-term compensation in the form of performance-based equity grants	✓ Elect Directors by majority vote and have adopted “Proxy Access” provisions	× Have any significant perquisites
✓ Have stock ownership requirements for executives and Directors that reinforce alignment between stockholders and our NEOs	✓ Have an independent Chairman	× Allow pledging, hedging, and trading in derivatives of Mobile Mini securities
✓ Have an executive compensation clawback policy to ensure accountability	✓ Split the roles of Chairman and Chief Executive Officer	× Have special executive retirement programs
✓ Have an independent compensation consultant advising the Compensation Committee	✓ Perform annual Board and committee self-evaluations	× Reprice or cash out underwater stock options
✓ Actively solicit feedback from our stockholders on compensation and governance matters	✓ Have a comprehensive Code of Business Conduct and Ethics and Corporate Governance Guidelines	× Guarantee bonuses
✓ Have minimum vesting periods written into our Amended and Restated Equity Incentive Plan	✓ Grant the Board and each committee express authority to retain outside advisors	× Have “single trigger” change of control provisions in executive employment agreements

Stockholder Outreach and 2018 Say-on-Pay Results, the Committee’s Response and 2018 Changes

We value our stockholders’ perspective on our business, and each year interact with stockholders through numerous stockholder engagement activities. In 2018, these activities included participation in investor conferences, meetings with individual stockholders throughout the year, as well as meeting with stockholders and answering questions at our 2018 annual meeting of stockholders (“2018 Annual Meeting”). Prior to this proxy statement and beginning in May 2018, as part of our shareholder engagement, we contacted stockholders, representing approximately 85% of our outstanding shares, for feedback relating to our corporate governance and executive compensation programs. Additionally, we offered meetings with senior management and the chairs of our Board Committees. Of the investors we contacted, holders representing approximately 33% of our outstanding shares participated in meetings with senior management.

At our 2018 Annual Meeting, we received lower than expected support for our executive compensation program, with approximately 66% of our stockholder votes cast on the so called “Say-on-Pay” proposal approving the compensation of our NEOs. This result compares to substantial support at our 2017 Annual Meeting where approximately 97% of our stockholders approved our compensation plans.

Based on feedback from our stockholder outreach efforts, we believe our stockholders generally approve of our approach to corporate governance and the specific metrics used to measure performance (rental revenue, adjusted EBITDA and ROCE). We learned, however, our large shareholders attributed our lower-than-desired Say on Pay vote primarily to short-term incentive performance targets. Specifically, our adjusted EBITDA target for 2017 was set below the actual adjusted EBITDA achieved for 2016. Based on the feedback received, we did not substantively change the structure of our executive compensation program; however, performance targets for 2018 and 2019 were each set above the prior year's results.

In 2018, we set our adjusted EBITDA bonus targets significantly above adjusted EBITDA achieved for 2017. For example, while 2017 adjusted EBITDA was \$184.8 million, the adjusted EBITDA target (100% payout) for 2018 was set at \$200 million (8.2% above prior year performance) and the maximum (200% payout) target was set at \$216 million (16.9% above prior year performance).

From the investors we spoke to, we received the following feedback:

- General praise for the strong and proactive changes the Company has made in corporate governance in recent years, particularly adopting “best practice” governance policies;
- Feedback indicating that the negative votes surrounding our 2018 Say on Pay votes were due to 2017 targets being set below 2016 performance; and
- Support for the structure of the Company's STI and LTI plans which include metrics related to rental revenue, adjusted EBITDA and ROCE;

No preference was expressed for any particular equity vehicle or performance metric as long as awards are linked to how the Company is managed and drive returns for stockholders, and no other pay or governance concerns or issues were raised for the Committee to consider.

OUR EXECUTIVE COMPENSATION PROGRAM FRAMEWORK

Our Compensation Philosophy and Objectives

There are three primary tenets that support Mobile Mini's executive compensation philosophy and objectives:

- **Attract, motivate and retain superior people in key positions.** We believe executives' target total direct compensation (“TDC”) should be competitive with that being offered to individuals holding comparable positions at other public companies with which we compete for market share and executive talent. We use a mix of fixed (cash) and variable (cash and equity) pay to support this objective.
- **Reward the achievement of identified financial goals by the Company.** We believe that a significant portion of an executive's TDC should be variable and emphasize an appropriate balance of both short- and long-term financial and strategic performance. We focus our executives on performance measures that we believe are critical to enhancing long-term stockholder value creation.
- **Align the interests of the Company's executives with those of its stockholders.** We believe delivering a significant portion of TDC to our NEOs in the form of long-term incentives that are impacted by our stock price provides a clear incentive to drive long-term stockholder value creation. It also supports our retention goals, encourages stock ownership and does not promote unnecessary or excessive risk taking. This mix of cash and short- and long-term incentives and their corresponding performance measures, along with our clawback policy, anti-hedging policy and stock ownership requirements also discourages unnecessary or excessive risk taking.

Our 2018 executive compensation program is comprised of the following:

Element	Form	Purpose/Description
Base Salary	Cash (Fixed)	<ul style="list-style-type: none"> • Provide a competitive base salary rate relative to similar positions in the market, which enables the Company to attract and retain highly skilled executive talent. NEOs are generally eligible for increases annually, depending on Company and individual performance.
Annual STI (Bonus)	Cash (Variable)	<ul style="list-style-type: none"> • Provide competitively-based annual incentive awards for achieving Mobile Mini’s short-term financial goals measured over the current year. • 2018 targets are based on the achievement of specific rental revenue and adjusted EBITDA objectives. Additionally, for NEOs other than the CEO, the annual STI plan includes a component tied to the achievement of individual business goals.
Annual LTI	Equity (Variable)	<ul style="list-style-type: none"> • Provide incentives for executives to reach financial goals, align their long-term economic interests with stockholders and serve as a retention tool. • 50% performance-based restricted stock. <ul style="list-style-type: none"> ○ Eligible to vest annually over three years. ○ Vesting is based on an initial ROCE target and thereafter on annual improvement in ROCE year-over-year. ○ If minimum targets are not achieved, no stock will vest. Participants may earn from 50% to 200% of the target stock awarded depending upon actual results once minimum performance targets are achieved. Stock that does not vest in any given year is forfeited. ○ There is no “look back” or right to re-earn stock not earned in prior years. • 50% of the grant value is time-based (service-vested over three years) restricted stock.

A brief summary of our STI and LTI plans for 2018 is provided below:

Short-Term Incentive Plan (Annual Bonus) Features		
Metrics	Weighting for CEO	Weighting for Other NEOs
Rental Revenue	50%	30%
Adjusted EBITDA	50%	50%
Individual Business Goals	-	20%

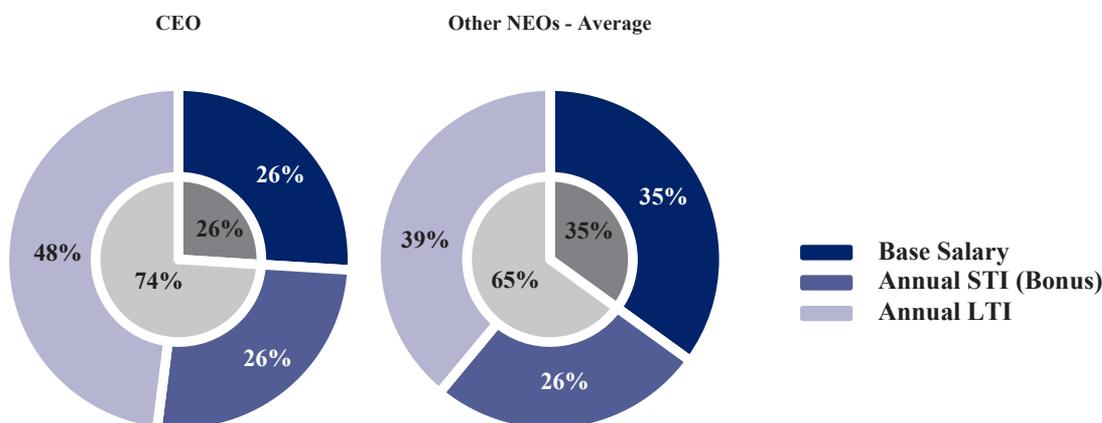

Long-Term Incentive Plan Features		
Form of Equity Award	Weighting	2018 Grants
Service-based Restricted Stock	50%	Vests over three years (time based only vesting)
Performance-based Restricted Stock	50%	“Performance-based” awards which vest over three years only upon the achievement of annual performance criteria related to Return on Capital Employed (“ROCE”)

The Committee has historically split the equity vehicles between 50% time-based vesting equity, which it views as a retention tool, and 50% performance-based equity, which the Committee views as a tool to incentivize long-term goal achievement.

NEOs are also eligible for other benefits, including a qualified 401(k) Plan that provides participants with the opportunity to defer a portion of their compensation, up to tax code limitations, and receive a company matching contribution. Modest ancillary benefits are also provided to executives by the Company. See “401(k) Savings Plans and Other Retirement Benefits” below for more information.

Pay Mix

The charts below show that most of our NEOs’ target TDC (i.e., base salary, annual STI (bonus), and annual LTI (equity)) for 2018 is variable (74% for our CEO and an average of 65% for our other NEOs). These charts exclude the value of other benefits and perquisites.

Both individual compensation elements and TDC are structured to be closely aligned with the compensation of similarly-sized, U.S.-based companies in our industry and related industries. See “The Decision Making Process – The Role of Benchmarking and Peer Groups” section below for a discussion of our peer groups. We believe the salaries we pay to our NEOs are appropriate relative to the salary levels paid by Mobile Mini’s peer group. This belief is supported by the results of Mercer’s 2017 compensation review, which reflected that our base salaries were generally between the 50th and 75th percentile levels in the aggregate relative to market.

In developing the target TDC arrangement for our CEO, the Board placed significant emphasis on aligning Mr. Olsson’s compensation with stockholder value creation. Particular emphasis was placed on stock-based compensation, which has inherent performance criteria. Mr. Olsson’s target TDC for fiscal year 2018 was \$3.8 million, which was the same as fiscal 2017.

Element of CEO's Target Total Direct Compensation	2017 Target TDC	2018 Target TDC
Base Salary	\$ 1,000,000	\$ 1,000,000
Target Annual STI (Bonus)	1,000,000	1,000,000
Target Annual LTI (Equity)	1,800,000	1,800,000

The Role of Benchmarking and Peer Groups

As part of our pay philosophy, our executive compensation program is designed to attract, motivate and retain our executives in an increasingly competitive and complex talent market. To this end, we regularly evaluate industry-specific and general market compensation practices and trends to ensure that our program features and NEO pay opportunities remain appropriately competitive. When determining salaries, target bonus opportunities and annual long-term incentive grants for NEOs, the Committee considers the performance of the Company and the individual, the nature of an individual’s role within the Company, experience in the officer’s current role, as well as input from its independent compensation consultant, among other factors.

In 2017, to facilitate its review and determination of executive compensation, the Committee engaged Mercer to conduct a comprehensive, competitive review of our executive compensation program. In connection with this review and in consultation with Mercer and senior management of the Company, the Committee identified a peer group composed of industry competitors and related industry companies roughly similar to the Company in revenue size or market capitalization. The peer group consisted of the 15 companies listed in the table below:

Peer Group		Peer Data (in millions)*		
		Percentile	Revenue	Market Cap
Aircastle Limited	HERC Holdings Inc.	25th	\$ 466	\$ 745
Air Lease Corporation	McGrath Rentcorp	50th	814	1,449
Advanced Disposal Services, Inc.	Ritchie Bros. Auctioneers Incorporated	75th	1,401	2,250
CAI International, Inc.	Civeo Corporation			
Casella Waste Systems, Inc.	Team, Inc.			
GATX Corporation	United Rentals, Inc.			
General Finance Corporation	US Ecology, Inc.			
H&E Equipment Services, Inc.				
		Mobile Mini	\$ 534	\$ 1,531

* Market Capitalization is as of December 31, 2017. Revenue is for the year ended December 31, 2017.

In addition to peer group data, two published compensation surveys were also used in Mercer’s 2017 report and comparisons to survey benchmark positions were made based on Mobile Mini’s size. Mercer completed its review in December 2017 and presented its analysis of the Company’s executive compensation program relative to peer and survey 25th, 50th and 75th percentile levels. Overall, the study found that Mobile Mini’s target TDC was between the 50th and 75th percentile market levels.

OUR EXECUTIVE COMPENSATION PROGRAM IN DETAIL

Base Salary

Mobile Mini provides NEOs a base salary to compensate them for services rendered during the fiscal year. Base salary for each NEO is determined on the basis of his or her position and responsibility. During its review of base salaries, the Committee primarily considers the CEO’s assessment of each NEO’s individual performance and input from its independent compensation consultant. Salary levels are considered annually as part of the Committee’s year-end review process, and in conjunction with the annual budget and performance forecasting of management, which is generally conducted between December and January of each year. The Committee determined the appropriate base salary for each NEO as follows:

NEO	2017 Base Salary	2018 Base Salary	Increase
Erik Olsson	\$ 1,000,000	\$ 1,000,000	0.0%
Van Welch	485,000	494,700	2.0%
Kelly Williams (1)	462,000	558,000	20.8%
Mark Krivoruchka	375,000	382,500	2.0%
Christopher J. Miner	349,000	367,000	5.2%

- (1) During the 2018 annual review process as described above, Mr. Williams received a base salary increase of 5.0% to \$485,100. Upon his promotion to President in November 2018, Mr. Williams received an additional increase to \$558,000.

Base salaries are shown as of the end of the applicable year.

Short-Term Incentive Plan

In 2018, bonus targets were based on Rental Revenue growth, adjusted EBITDA targets and for the NEOs other than the CEO, achievement of individual business goals. Each criterion functions independently and the threshold payout is 50%, with maximum payout of 200% for each criterion. We chose to use these metrics for the annual STI (bonus) plan, as the Committee believes that Rental Revenue growth is an effective short-term performance indicator and over time drives long-term stockholder returns. Additionally, given the capital intensive nature of our business, the Committee believes that adjusted EBITDA is an appropriate measure of profitable growth. Lastly, implementing individual job goals focuses employees on organizational objectives in their area. Using these metrics differentiates the short-term financial goals from those used for long-term incentives.

Target annual STI (bonus) opportunities are expressed as a percentage of base salary, and were established by the Committee based on each NEO's level of responsibility and his or her ability to impact overall results. The Committee also considers market data in setting target award amounts. Target and maximum award opportunities in our current structure are as follows:

NEO	Target Award Opportunity (% of Annual Base Salary)		
	Threshold	Target	Maximum
Erik Olsson	50.0%	100%	200%
Van Welch	37.5%	75%	150%
Kelly Williams	37.5%	75%	150%
Mark Krivoruchka	37.5%	75%	150%
Christopher Miner	37.5%	75%	100%

Actual bonus payouts depend on the achievement of specific financial goals, and can range from 0% to 200% of target award amounts. For 2018, the CEO's bonus payout was based on the achievement of Rental Revenue and adjusted EBITDA targets, each of which were weighted equally (i.e., 50% for each). The other NEOs' bonus payouts were based on the achievement of Rental Revenue, adjusted EBITDA and individual goal targets, which were weighted 30%, 50% and 20%, respectively. Generally, the Committee endeavors to set the target payout level such that the relative difficulty of achieving the goal is anticipated to be consistent from year to year.

The Company's budgeting process and the related establishment of bonus payout levels involve the formulation of various operating budgets using different assumptions concerning factors that have a direct and measurable effect on the Company's financial and operating performance. These factors may include, for example, trends in general economic conditions, trends in specific industries (such as the non-residential construction industry or the retail trade industry), in which large numbers of the Company's customers operate, interest rates and other factors. The performance goals may be adjusted to account for acquisitions, fluctuations in currency exchange rates, and other events that have quantifiable effects on the Company's results of operations, including the metrics used in the incentive compensation plans. In 2018, in addition to adjusting all metrics for the effects of currency, ROCE was adjusted to remove the impact related to an asset impairment and divestiture.

The following charts illustrate, for the NEOs, the performance category weighting and the performance levels necessary to achieve threshold, target and maximum bonus payout amounts, along with actual results during the 2018 measurement period (dollars in millions):

Financial Metrics	Performance Achievement Levels*			Results Achieved	Bonus Payout as % of Target
	Threshold	Target	Maximum		
Rental Revenue (1)	\$ 498.8	\$ 526.0	\$ 542.0	\$ 555.4	200.0%
Adjusted EBITDA (1)	\$ 184.8	\$ 200.0	\$ 216.0	\$ 217.6	200.0%

* Bonus payout amounts are linearly interpolated between performance achievement levels.

- (1) For the purpose of determining the percent of target achieved in conjunction with the 2018 STI plan, the Compensation Committee adjusted the calculations of the results achieved for the effect of currency fluctuations.

Adjusted EBITDA is defined as net income before discontinued operation, net of tax (if applicable), interest expense, income taxes, depreciation and amortization, and debt restructuring or extinguishment expense (if applicable), including any write-off of deferred financing costs and excludes certain non-cash expenses, as well as transactions that management believes are not indicative of our ongoing business.

	Target STI Attainment by Metric			
	Rental Revenue	Adjusted EBITDA	Individual Goals	Total Weighted Payout
Erik Olsson	200%	200%	n/a	200%
Van Welch	200%	200%	190%	198%
Kelly Williams	200%	200%	195%	199%
Mark Krivoruchka	200%	200%	200%	200%
Chris Miner	200%	200%	190%	198%

Attainment results for the STI plan for 2016, 2017 and 2018 are as follows:

	Target STI Attainment by Metric For the twelve months ended December 31,			
	Rental Revenue	Adjusted EBITDA	Individual Goals (1)	Total Weighted Payout (2)
2016	0%	55%	n/a	28%
2017	200%	165%	n/a	183%
2018	200%	200%	194%	199%

- (1) Average attainment for NEOs other than the CEO. In 2018, achievement of individual business goals was introduced as a component of STI for NEOs other than the CEO. The CEO's STI did not include an individual goal component.
- (2) Average attainment for all NEOs, including the CEO.

Long-Term Incentive Plan

NEOs are eligible to receive long-term incentive awards under our stockholder approved Amended and Restated Equity Incentive Plan. In granting awards under this plan, the Committee may establish conditions or restrictions it deems appropriate.

Under our 2018 structure, long-term incentives were granted as follows:

- **50% in the form of performance-based restricted stock.** Specifically, NEOs will not realize any value unless the performance criteria are met and our stock price appreciates. One-third of the target stock awards are eligible for vesting in any given year.
 - Vesting of stock awards over three years requires meeting an initial first year ROCE target established by the Compensation Committee for the first tranche and annual improvement in ROCE year-over-year, for the second and third tranches to vest.

- Participants may earn from 50% to 200% of the target stock awarded assuming at least minimum performance targets are achieved, and depending upon actual results.
- Performance goals apply individually within the three-year performance cycle of the original grant. If ROCE performance does not meet the threshold for a given year, those stock awards for that year will be forfeited, however, the stock awards vesting in the next year will not be affected.
- There is no look back or right to re-earn stock awards not earned in prior years.
- **50% in the form of time-based (service-vested) restricted stock.** Restricted stock vests one-third annually until all stock is fully vested on the third anniversary of the grant date.

The Compensation Committee chose ROCE as the metric to use for the performance-based stock awards, because it believes that improvement in ROCE, along with rental revenue and adjusted EBITDA, closely correlates to improvement in total shareholder return. The attainment of the performance criteria is based on the achievement of goals for each year within the three-year period.

The target grant values of the long-term incentives to be awarded to each of our NEOs under our 2018 LTI structure are as follows:

NEO	Target LTI (% of Annual Base Salary)	Target Value of LTI	
		Service-based Restricted Stock	Performance-based Restricted Stock
Erik Olsson	180%	50%	50%
Van Welch	125%	50%	50%
Kelly Williams	125%	50%	50%
Mark Krivoruchka	100%	50%	50%
Christopher Miner	100%	50%	50%

Annual equity grants are generally awarded during the first quarter of the year. In connection with the hiring or promotion of new executive officers during the course of the year, the Committee may grant an equity award at the time the individual first assumes the executive officer position, with any further awards to be made in connection with the annual setting of compensation by the Committee.

LTI Performance-Based Awards Results

2016, 2017 and 2018 LTI Performance-Based Grants

In 2018, the Company awarded performance-based restricted stock, the vesting of which is contingent upon ROCE goals established by the Committee. In 2016 and 2017, the Company awarded performance-based stock options, the vesting of which is contingent upon ROCE goals established by the Committee. For each of these grants, performance goals for the first tranche were based upon established targets, while performance goals in the second and third tranches are based upon ROCE growth year-over-year. If ROCE performance does not meet the threshold for a given year, those options or restricted stock for that year will be forfeited, however, the options or restricted stock vesting in the next year will not be affected.

Results for the first tranche of the 2018 grants, achievement of which was based on results for the 12 months ended December 31, 2018 compared to a ROCE target are as follows:

Measure	Performance Achievement Levels				% of Awards Vested
	Threshold	Target	Maximum	Achieved	
Target ROCE (1)	7.4%	7.6%	7.9%	8.4%	200.0%

Results for the second tranche of the 2017 grant and the third tranche of the 2016 grant for which achievement was based on year-over-year ROCE growth for the 12 months ended December 31, 2018 are as follows:

Measure	Performance Achievement Levels				% of Awards Vested
	Threshold	Target	Maximum	Achieved	
ROCE (1)	7.3%	7.4%	7.7%	8.4%	200.0%
ROCE Growth over Prior Year (2)	2.0%	4.0%	8.0%	17.5%	

- (1) ROCE for compensation purposes is adjusted by the Committee for the effect of currency fluctuations and is defined as adjusted earnings before interest and taxes, divided by average capital employed adjusted for the impact of tax reform and changes in accounting standards. ROCE was also adjusted in 2018 to remove the impact related to an asset impairment and divestiture. Unadjusted ROCE for the 12 months ended December 31, 2018 was 8.5%.
- (2) ROCE growth target was based on unadjusted ROCE of 7.1% for the 12 months ended December 31, 2017.

Vesting results for the LTI grants made in 2016, 2017 and 2018 were as follows:

	Vesting as a Percent of Target Based on Results for the Twelve Months Ended December 31,		
	2016	2017	2018
2016 LTI Grants	0%	0%	200%
2017 LTI Grants	n/a	163%	200%
2018 LTI Grants	n/a	n/a	200%

The Decision Making Process

Role of Compensation Committee

The Compensation Committee oversees the executive compensation program. The Committee is comprised solely of independent, non-employee members of the Board. The Committee works very closely with management and the Committee's independent consultant, Mercer, to examine the effectiveness of the Company's executive compensation program throughout the year. Details of the Committee's authority and responsibilities are specified in the Committee's Charter, which is available on the Company's Web-site at www.mobilemini.com under the "Governance" section of the "Investor Relations" page.

The Committee typically works closely with the CEO to structure the Company's annual and long-term incentive-based executive compensation to motivate executives to achieve the business goals set for the Company and to reward the executives for achieving those goals. This structure may take the form of Company-wide goals or discrete business unit based goals, or a combination thereof, depending upon various factors, including a particular executive's role in the Company and his or her primary areas of responsibility. The Committee historically reviews and sets the executive compensation plan during November or December of each year in conjunction with the Company's budgeting process for the following year. This process includes setting the Company's near- and long-term business goals, together with the Company's financial performance targets and other business goals for the coming fiscal year. The CEO typically makes recommendations for any yearly increase to the other NEOs' base salaries in February or March of each year.

The Committee has no pre-established policy or set allocation between either cash and non-cash compensation, or short- and long-term incentive compensation. Rather, the Committee considers the views of the executives as to the retention and motivation effects of various types of compensation awards, the historical compensation patterns of the Company's compensation awards and other subjective and objective factors, including the performance of the senior executive management team and each individual executive during recent periods.

Role of the CEO

The CEO makes recommendations to the Committee and the full Board for the establishment of performance targets and individual performance objectives for the other NEOs.

The CEO reviews the performance of each of the other NEOs against his or her objectives and presents his evaluation of each NEO's performance to the Committee. Decisions regarding individual compensation elements and total compensation are ultimately made by the Committee, using its judgment, focusing primarily on each NEO's performance against his or her individual financial and strategic objectives, as well as the Company's overall performance. The Committee and the CEO also consider a variety of qualitative factors, including the business environment in which the results were achieved. Therefore, the CEO makes recommendations regarding each of the other NEO's compensation based on multiple factors, including the competitive market and Company and individual performance. The full Board ultimately approves all compensation plans for senior management (including for the CEO's compensation).

The CEO does not participate in the deliberations of the Committee regarding his own compensation.

Role of Compensation Consultant

Under its Charter, the Compensation Committee has the authority to engage independent compensation consultants and other professionals to assist in the design, formulation, analysis, and implementation of compensation programs for our executive officers. As described elsewhere in this Proxy Statement, the Committee has engaged Mercer to review various elements of the Company's overall compensation program, including performing reviews of the Company's executive and non-employee Director compensation plans.

OTHER PRACTICES, POLICIES & GUIDELINES

Stock Ownership Guidelines

To further align the interests of the Directors and executive officers of the Company with the interests of the stockholders, the Company has adopted Stock Ownership Guidelines for Directors and Executive Officers. These guidelines establish an expectation that, within a five-year period from the date of hire, executive officers will achieve and maintain an equity interest in the Company at least equal to a specified multiple of such individual's annual base salary as follows:

- CEO: five times base salary
- President, EVPs and SVPs who report to the CEO: three times base salary
- Other SVPs and VPs: one times base salary
- Non-Employee Directors: five times annual retainer and committee fees paid in cash

Until the amount contemplated by such guidelines is achieved, or if an officer or a Director becomes non-compliant due to a reduction in the price of the Company's common stock, such officer or Director is required to retain an amount equal to 50% of the shares received as a result of the exercise of options or the vesting and settlement of restricted stock, restricted stock units, performance shares or other similar full value awards, in each case netted to pay any exercise price or withholding taxes.

As of February 28, 2019, all current NEOs and Directors either met the ownership guidelines or were within the five-year phase-in period.

Clawback Policy

The Board has adopted a policy that will enable the Company to reclaim previously awarded compensation from executives who are found to have engaged in willful fraud or the intentional manipulation of performance measures. These provisions are designed to deter and prevent detrimental behavior and to protect our investors from financial misconduct.

401(k) Savings Plans and Other Retirement Benefits

Mobile Mini maintains contributory 401(k) retirement plans covering eligible employees in the United States and to which Mobile Mini makes certain matching contributions. These plans are designed to provide tax-deferred retirement benefits to employees in accordance with the provisions of the Internal Revenue Code. The amount the Company contributed on behalf of each NEO in 2018, if any, is reflected in the “2018 Summary Compensation Table” in this Proxy Statement. The Company maintains similar plans in Canada and the United Kingdom, regulated by the laws in those countries.

The Company does not maintain any other retirement plans under which executives or any other employees earn the right to receive benefits upon retirement.

Perquisites and Other Personal Benefits

Mobile Mini provides the NEOs with minimal perquisites and other personal benefits. The costs of the perquisites and personal benefits for the NEOs for the fiscal year ended December 31, 2018 are included in the “2018 Summary Compensation Table” in this Proxy Statement.

Deductibility of Executive Compensation

The 2017 Tax Cuts and Jobs Act (the “Tax Act”) includes provisions that expand the tax deduction limitation under Section 162(m) of the Internal Revenue Code (“IRC”) for compensation paid to “Covered Employees”, including the NEOs. Section 162(m) disallows an income tax deduction to any publicly-held corporation for compensation paid to certain executive officers that exceeds \$1 million in any taxable year. The Tax Act expanded the definition of Covered Employees to include the Chief Financial Officer. Additionally, once an employee becomes a Covered Employee, they remain a Covered Employee regardless of future compensation levels. The Tax Act also removes the exception for “performance-based” compensation plans entered into or significantly modified after November 2, 2017.

In making compensation decisions, the Compensation Committee considers the potential effects of Section 162(m) of the IRC on the limitation of the tax deduction for Compensation paid to our executives. Some compensation paid to our NEOs is not deductible due to Section 162(m) limitations. The Committee will continue to monitor the issue of deductibility and adjust our executive compensation program to secure tax deductions to the extent that it believes such result is consistent with the principles underlying our executive compensation philosophy.

Hedging Policy

Executive officers, including the NEOs, may not purchase or sell options on Mobile Mini common stock, or engage in short sales of Mobile Mini common stock. Also, trading by executive officers in puts, calls, straddles, equity swaps, or other derivative securities that are directly linked to Mobile Mini common stock (sometimes referred to as “hedging”) is prohibited. These provisions also apply to our non-employee Directors.

COMPENSATION COMMITTEE REPORT

This report of the Compensation Committee shall not be deemed to be incorporated by reference into any previous filing by us under either the Securities Act or the Exchange Act that incorporates future Securities Act or Exchange Act filings in whole or in part by reference.

The Compensation Committee has reviewed and discussed with management the “Compensation Discussion and Analysis” section of the 2019 Proxy Statement. Based on our review and discussions, we have recommended to the Board that the “Compensation Discussion and Analysis” be included in the 2019 Proxy Statement and in Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

EMPLOYMENT AGREEMENTS AND TERMINATION PAYMENTS

Employment Agreements

We have entered into employment agreements with each of our NEOs, which have been amended from time to time and are included as Exhibits to our 2018 Form 10-K. The agreements, with the exception of Mr. Krivoruchka, expire on December 31st of each year and are subject to automatic extensions for successive one-year periods unless the Company or the NEO gives written notice within the 90 day period prior to December 31st of each year of an intention to terminate employment on the last day of the then-current employment period. Mr. Krivoruchka's term of employment expires on December 31, 2019.

Termination for Cause

The Company may terminate Mr. Olsson's employment agreement for Cause (as defined in the employment agreement), which includes (i) theft, material dishonesty in connection with Mr. Olsson's employment, or intentional falsification of any employment or Company records; (ii) intentional and improper disclosure of Company's confidential or proprietary information; (iii) Mr. Olsson's conviction (including any plea of guilty or nolo contendere) for any criminal act that materially impairs Mr. Olsson's ability to perform his duties for Company; (iv) willful misconduct or breach of fiduciary duty for personal profit by Mr. Olsson; (v) Mr. Olsson's material failure to abide by Company's Code of Business Conduct and Ethics or the Supplemental Code of Ethics policies resulting in demonstrable injury to Company or its reputation; or (vi) a material breach of the employment agreement by Mr. Olsson which is not cured within 30 days of receipt by Mr. Olsson of reasonably detailed written notice from Company. The Company may also terminate the employment agreement upon Mr. Olsson's disability or by written notice.

The Company may terminate the other NEOs' employment agreements for Cause (as defined in the employment agreements), which includes (i) commission of an act of fraud or intentional misrepresentation or an act of embezzlement, misappropriation or conversion of assets or opportunities of the Company, (ii) material dishonesty or willful misconduct in the performance of duties, or (iii) willful violation of any law, rule or regulation in connection with the performance of duties. The Company may also terminate the employment agreement upon the NEO's disability or by written notice.

Termination for Good Reason

Mr. Olsson may terminate the employment agreement for Good Reason (as defined in the employment agreement), which includes (i) a material, adverse change in his authority, duties or responsibilities, including, without limitation, any change in his reporting relationship such that he ceases to report directly to the Board; (ii) a failure to pay his base salary or bonus, or any material reduction in his base salary or his target bonus percentage opportunity (subject to applicable performance requirements with respect to the actual amount of bonus earned by Mr. Olsson); (iii) the relocation of his work place for Company to a location more than 50 miles from the primary work location, unless the new primary work location is less than 50 miles away from his home immediately prior to the change; or (iv) the failure of Company or any successor to honor any material term of the agreement. Mr. Olsson may also voluntarily terminate the employment agreement by giving 30 days advance written notice to the Company. In the event Mr. Olsson is terminated by the Company without Cause, or if he terminates his employment for Good Reason, Mr. Olsson will receive a cash severance payment (totaling two times his annual base salary) over a period of 24 months, in lieu of a lump sum payment. Mr. Olsson will also receive a pro-rated bonus based on actual results for the year in which the termination date occurs. Additionally, Mr. Olsson will be entitled to certain share-based awards as described below and payment of health care benefits for 24 months. Mr. Olsson will not receive any severance benefit in the event of his death or disability.

The other NEOs may terminate their employment agreements for Good Reason (as defined in the employment agreements), which includes (i) assignment of material duties inconsistent with those originally contemplated by the employment agreement, (ii) a reduction in base salary (excluding "across the board" reductions for all senior executives), (iii) material breach of the employment agreement by the Company, (iv) purported termination for Cause by the Company where such Cause does not exist, or (v) in the case of assignment of the employment agreement by the Company, failure of the Company to obtain from such assignment an agreement to assume and perform under the employment agreement. NEOs may also voluntarily terminate their employment agreements by giving 90 days prior written notice to the Company. In the event any of the other NEOs are terminated by the Company without Cause, or

if any such NEO terminates his or her employment for Good Reason, such NEO will receive cash severance payments totaling the NEO's highest annual base salary in effect at any time within the 90 day period prior to the date the notice of termination is given plus an amount equal to 75% of the then in effect annual base salary for the other NEOs. Such payments are payable in a lump sum. Our other NEOs will also continue to receive health care benefits for 12 months and will be entitled to certain share-based awards as described below. In the case of death or disability of any of our other NEOs, his or her estate is entitled to a pro-rated amount of his or her cash bonus for the portion of the bonus period prior to death or disability (determined by the average cash bonus amount paid in the preceding two years).

Change in Control

Each of our NEOs is entitled to receive severance payments if terminated without Cause or for Good Reason within one year of a Change in Control. A Change in Control (as defined in the employment agreements) of the Company, includes (i) an acquisition by any person of more than 35% of the outstanding voting shares of the Company, (ii) a change in more than 1/3 of the members of the Board, or (iii) the consummation of a merger, consolidation, reorganization, liquidation or dissolution, or sale of all or substantially all of the assets of the Company.

Upon termination associated with a Change in Control, Mr. Olsson will receive a cash severance payment (totaling two times the sum of his annual base salary plus his target bonus). Mr. Olsson will also receive a pro-rated bonus based on actual results for the year in which the termination date occurs. Additionally, Mr. Olsson will be entitled to certain share-based awards as described below and payment of health care benefits for 24 months.

In the event any of the other NEOs are terminated by the Company in conjunction with a Change in Control, or if any such NEO terminates his or her employment for Good Reason in conjunction with a Change in Control, such NEO will receive cash severance payments totaling two times the sum of the NEO's highest annual base salary in effect at any time within the 90 day period prior to the date the notice of termination is given plus an amount equal to 75% of the then in effect annual base salary for the other NEOs. Such payments are payable in a lump sum. Our other NEOs will also continue to receive health care benefits for 24 months and will be entitled to certain share-based awards as described below.

Other

Mr. Olsson's employment agreement also contains covenants not to solicit or compete for two years, provided that the covenant not to compete does not apply following a Change in Control unless Mr. Olsson reaffirms his compliance with such covenant following the Change in Control event.

The employment agreements for all other NEOs provide that the NEOs will not solicit employees or customers of the Company during his or her employment or within two years of the termination of employment.

Potential Payments upon Termination or Change in Control

Receipt of the severance benefits for Mr. Olsson is conditioned on Mr. Olsson's release of claims against the Company and Mr. Olsson's compliance with certain post-employment covenants under his employment agreement. Mr. Olsson's severance payments and other benefits may be reduced to the extent such payments and benefits would constitute "parachute payments" within the meaning of Section 280G of the Internal Revenue Code or would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code.

In each of the circumstances described below, our NEOs are eligible to receive earned, unpaid salary through the date of termination and benefits that are unconditionally accrued as of the date of termination pursuant to policies applicable to all employees. Change in Control severance benefits would only be payable following a Change in Control if the executive was terminated without Cause or for Good Reason (a so-called "double trigger").

Acceleration of Share-based Awards upon Termination without Cause or for Good Reason or Due to Death or Disability

Upon termination without Cause or for Good Reason, or due to death or disability, Mr. Olsson is entitled to accelerated vesting related to certain equity-based awards granted after January 14, 2016, the date of his most recent amended and restated employment agreement. Specifically, all service-based restrictions on outstanding equity-based awards granted after the date of the amended and restated employment agreement would lapse and such equity awards shall become 100% vested. Upon termination without Cause or for Good Reason, or due to death or disability, the other NEOs are entitled to the acceleration of all awards, with the exception of any performance-based restricted stock awards.

For all NEOs, performance-based restricted stock awards will remain outstanding, subject to the achievement of the applicable performance targets and goals relevant to such awards.

Acceleration of Share-based Awards upon Change in Control

Upon termination within one year of change in control, Mr. Olsson and the other NEOs are entitled to the acceleration of all awards, with the exception of any performance-based restricted stock awards which will remain outstanding, subject to the achievement of the applicable performance targets and goals relevant to such awards.

The following tables show the estimated benefits payable upon a hypothetical termination of employment of the following NEOs under these termination scenarios as of December 31, 2018:

The value of accelerated stock awards is calculated as the \$31.75 closing price of the Company's common stock on December 31, 2018, multiplied by the number of units that would accelerate. For accelerated stock option awards that have intrinsic value (the \$31.75 closing price of the Company's common stock on December 31, 2018 is greater than the exercise price of the option), the accelerated equity value is calculated as the intrinsic value multiplied by the number of stock option awards. Accelerated stock option awards with no intrinsic value are not included in this calculation. Accelerated stock options awarded subject to performance targets are assumed to vest at target amounts. Performance-based restricted stock awards remain outstanding; however, they are subject to applicable performance targets and goals period relevant to such awards and are not included in the above table.

Salary. This column sets forth the base salary earned during each fiscal year.

Stock Awards. This column sets forth the grant date fair value of the restricted stock awards granted to the NEOs during each fiscal year as part of the Company's LTI plan. The grant date fair value of these awards was calculated by multiplying the number of units awarded by the fair market value of the Company's common stock on the grant date. Performance-based awards included in the table above have been valued assuming all future performance targets will be achieved, and that all granted shares will vest at the target amount, as the Company believes full vesting is the probable outcome at the time of grant. Amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions.

Option Awards. This column sets forth the grant date fair value of options to purchase shares of the Company's common stock granted to the NEOs during each fiscal year as part of the Company's LTI plan. The grant-date fair value of these options was calculated in accordance with stock-based accounting rules. Performance-based options included in the table above have been valued assuming all future performance targets will be achieved, and that all granted options will vest at the target amount, as the Company believes full vesting is the probable outcome at the time of grant. Amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. Assumptions used to value equity awards are disclosed in Note 10 to the consolidated financial statements contained in the 2018 Form 10-K.

Non-Equity Incentive Plan Compensation. This column sets forth the amount of compensation earned by the NEOs under our STI plan. These amounts are generally paid in the first quarter subsequent to the year earned.

All Other Compensation. This column sets forth all of the compensation for each fiscal year that was not reportable in any other column of the Summary Compensation Table and consists of the following:

2018 OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END

The following table discloses certain information regarding all outstanding equity awards as of December 31, 2018 for each of our NEOs included in the “2018 Summary Compensation Table”. Some values contained in the table below have not been, and may never be, realized. The options might never be exercised and the value, if any, will depend on the share price on the exercise date. In addition, the awards of restricted stock are subject to forfeiture and the value, if any, will depend on the share price on the date an executive sells those shares once the restrictions are removed.

Option Awards. These columns set forth, for each stock option grant made to the NEO, the number of shares of the Company's common stock that can be acquired upon exercise of outstanding options. Equity Incentive Plan awards are performance-based options subject to the achievement of performance-based targets established by the Compensation Committee. Awards for which the performance conditions have been met, but that have not yet vested as of December 31, 2018 are included in the "unexercisable" column. See the "Compensation Discussion and Analysis" section set forth elsewhere herein for a description of the performance-based targets.

Stock Awards. These columns set forth, for each restricted stock grant made to the NEO, the number of shares of the Company's common stock that can be acquired upon the lapse of restrictions. Market value amounts represent the product of the closing price of our common stock on December 31, 2018 of \$31.75, multiplied by the number of unvested shares.

2018 OPTION EXERCISES AND STOCK VESTED

The following table sets forth certain information regarding the exercise by our NEOs of options or vesting of equity awards held by such NEOs during 2018 and the amount realized on such exercise or vesting for each NEO.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise	Value Realized on Exercise	Number of Shares Acquired on Vesting	Value Realized on Vesting
Erik Olsson	—	\$ —	25,047	\$ 962,033
Van Welch	—	—	3,155	135,350
Kelly Williams	—	—	9,188	351,132
Mark Krivoruchka	—	—	1,306	52,789
Christopher Miner	—	—	5,470	209,189

The value realized on the exercise of options is computed as the difference between the market price of the Company's common stock on the date of exercise and the exercise price of the option award, multiplied by the number of options exercised. The value realized on the vesting of stock awards is the closing price of our common stock on the NASDAQ Stock Market on the vesting date multiplied by the number of shares vested. The number of shares and value realized on vesting includes shares that were withheld at the time of vesting to satisfy minimum tax withholding obligations.

2018 PENSION BENEFITS

We do not offer any pension benefits for any of our employees.

2018 NONQUALIFIED DEFERRED COMPENSATION

We do not offer any nonqualified deferred compensation for any of our employees.

2018 CEO TO MEDIAN EMPLOYEE PAY RATIO

The Dodd-Frank Act requires the Company to determine the ratio of the CEO's annual total compensation (under the Summary Compensation Table definition) to that of the Company's median employee. Under the pay ratio rule, the Company is required to identify its median employee only once every three years as long as during the last prior fiscal year there has been no change to its employee population or employee compensation arrangements that it reasonably believes would result in a significant change in its pay ratio disclosure. Because we did not experience any meaningful changes to our employee population, or changes in employee compensation arrangements during 2018, we believe it is reasonable to use the median employee identified and reported in 2017 for purposes of calculating the pay ratio disclosure with respect to 2018, and that using this median employee would not significantly affect our pay ratio disclosure.

During 2017, we identified our median employee using a consistently applied compensation measure consisting of base salary, stock-based compensation (based on the grant date fair value of awards granted in 2017), target bonus amounts, estimated annual commissions and estimated overtime of our full employee population, excluding the CEO, as of October 31, 2017. We then ranked our full employee population from the highest paid to the lowest paid and identified the employee at the midpoint as our median employee. The annual total compensation for the median employee was then calculated in accordance with Item 402(c)(2)(x) of SEC Regulation S-K.

Applying the same calculation methodology as used in 2017, the annual total compensation of our median employee for 2018 was \$73,150 and the annual total compensation for Mr. Olsson, the Company's CEO, was \$4,807,194, which was approximately 66 times the compensation of our median employee.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may use different methodologies, exclusions, estimates and assumptions in calculating their pay ratios.

2018 DIRECTOR COMPENSATION

Information regarding our non-employee Director compensation can be found under "— Compensation of Non-Employee Directors" discussed previously in this Proxy Statement.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Ms. Dial, Mr. Goble, Mr. Martell, Ms. McWaters and Mr. Trachtenberg were members of the Compensation Committee during fiscal year 2018. During the fiscal year ended December 31, 2018, no member of the Compensation Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. During the fiscal year ended December 31, 2018, none of the Company's executive officers served on the compensation committee (or its equivalent) or board of directors of another entity any of whose executive officers served on the Company's Compensation Committee or Board.

REQUIREMENTS, INCLUDING DEADLINES, FOR SUBMISSION OF STOCKHOLDER PROPOSALS AND NOMINEES

Stockholders who, in accordance with Rule 14a-8 under the Exchange Act ("SEC Rule 14a-8"), wish to present proposals for inclusion in the proxy materials to be distributed in connection with our proxy statement for the 2020 annual meeting of stockholders (the "2020 Annual Meeting") must submit their proposals, along with proof of ownership of our stock in accordance with Rule 14a-8(b)(2), to our Corporate Secretary at our principal executive offices no later than the close of business on November 12, 2019 (120 days prior to the anniversary of this year's mailing date). As the rules of the SEC make clear, simply submitting a proposal does not guarantee that it will be included in our proxy statement for the 2020 Annual Meeting. Failure to deliver a proposal in accordance with these procedures may result in it not being deemed timely received.

Under our Bylaws, in order to be properly brought before the 2020 Annual Meeting, a stockholder's notice of a matter the stockholder wishes to present (other than a matter brought pursuant to SEC Rule 14a-8) or a proxy access director nomination, discussed below), or the person or persons the stockholder wishes to nominate as a Director, must be delivered to our Corporate Secretary at our principal executive offices not less than 90 nor more than 120 days before the date of the 2020 Annual Meeting. If the 2020 Annual Meeting is held more than 30 days before or after the first anniversary of the date of this Annual Meeting, the stockholder must submit notice of any such nomination and of any such proposal that is not made pursuant to SEC Rule 14a-8 by the later of the 90th day prior to the 2020 Annual Meeting or the 10th day following the date on which public announcement of the date of such meeting is first made. We intend to hold our 2020 Annual Meeting in April 2020. As a result, if, for example, we hold our 2020 Annual Meeting on April 22, 2020, any notice given by a stockholder pursuant to these provisions of our Bylaws (and not pursuant to the SEC Rule 14a-8) must be received no earlier than December 24, 2019, and no later than January 23, 2020.

Our Bylaws permit a group of stockholders (up to 20) who have owned a significant amount of the Company's common stock (at least 3%) for a significant amount of time (at least three years) the ability to submit director nominees (up to the greater of (i) two directors or (ii) 20% of the Board, rounded down to the nearest whole number) for inclusion in the Company's proxy materials if the stockholder(s) provides timely written notice of such nomination(s) and the stockholder(s) and the nominee(s) satisfy the requirements specified in the Company's Bylaws. To be timely for inclusion in the Company's proxy materials for the 2020 Annual Meeting, the notice must be received between October 13, 2019, and November 12, 2019 (between 120 and 150 days before the one-year anniversary of the date on which the Company issued this proxy statement). The notice must contain the information required by the Company's Bylaws, and the stockholder(s) and nominee(s) must comply with the information and other requirements in our Bylaws relating to the inclusion of stockholder nominees in the Company's proxy materials.

To be in proper form, a stockholder's notice must include the specified information concerning the proposal or nominee as described in our Bylaws. A stockholder who wishes to submit a proposal or nomination is encouraged to seek independent counsel regarding our Bylaws and the SEC requirements. Mobile Mini will not consider any proposal or nomination that does not meet the requirements of our Bylaws and the SEC for submitting a proposal or nomination.

Notices of intention to present proposals at our 2020 Annual Meeting must be addressed to our Corporate Secretary at the address set forth on the first page of this Proxy Statement. We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

ANNUAL REPORT

Our 2018 Annual Report is available electronically and will be mailed to requesting stockholders. The 2018 Annual Report is not incorporated into this Proxy Statement and is not to be considered to be a part of our proxy solicitation materials.

Upon request, we will provide, without charge to each stockholder of record as of the Record Date specified on the first page of this Proxy Statement, a copy of the 2018 Form 10-K as filed with the SEC. Any exhibits listed in the 2018 Form 10-K will also be furnished upon request at the actual expense we incur in furnishing such exhibits. Any such requests should be directed to our Corporate Secretary at our executive offices set forth on the first page of this Proxy Statement.

OTHER BUSINESS

As of the date of this Proxy Statement, our Board knows of no matters, other than the proposals presented above, to be submitted to the Annual Meeting. If any other matters properly come before the meeting, it is the intention of the persons named in the proxy card enclosed with this Proxy Statement to vote the shares they represent as the Board may recommend.
